

JAN 28 1998

Mr. Thomas J. Mitchell
Spartan Chemical Company, Inc.
110 N. Westwood Avenue
Toledo, Ohio 43607

Dear Mr. Mitchell:

Subject: Reregistration Eligibility Decision Document for
pesticide case mineral acids
Foamy Q & A
EPA Registration No. 5741-23

The amendment referred to above submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

Labeling Revisions

Revise the precautionary statement as follows:

Corrosive. Causes irreversible eye damage or skin burns. May be fatal if swallowed. Harmful if adsorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

CONCURRENCES							
SYMBOL	7510W						
SURNAME	J. Mitchell						
DATE	1-28-98						

Revise the statements of practical treatment as follows:

IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting. Drink promptly a large quantity of milk, egg white, gelatin solution, or if these are not available. Drink large quantities of water. Avoid alcohol. If person is unconscious, do not give anything by mouth.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

IF IN EYES: Hold eyelids open and flush with steady, gentle stream of water for 15 minutes. Get medical attention.

Submit two copies of you final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

Adam Heyward
Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510W)

See back panel for additional precautionary statements.

FOR INSTITUTIONAL AND INDUSTRIAL USE ONLY

EPA Reg. No. 5741-23
EPA Est. No. 5741-OH-1

ACTIVE INGREDIENTS:	
Phosphoric acid	12.00%
n-alkyl (C ₁₂ -50%, C ₁₄ -40%, C ₁₆ -10%) dimethyl benzyl ammonium chlorides	0.50%
INERT INGREDIENTS: 87.50%	

NET CONTENTS: 32 Fl. Oz. (One Quart)/0.946 Liters

ACCEPTED
with COMMENTS
in EPA Letter Dated:

JAN 28 1998

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 5741-23

Foamy Q & A is a ready-to-use acid-based cleaner disinfectant with special foaming action for fast and efficient maintenance of shower stalls, tubs, sinks, floors, walls, toilet bowls, urinals and other similar surfaces. Use only on acid-resistant surfaces such as ceramic tile, fiberglass, quarry tile, chrome and stainless steel. Foamy Q & A is effective against the pathogenic bacteria Staphylococcus aureus, Pseudomonas aeruginosa and Salmonella choleraesuis even in the presence of organic soil! Foamy Q & A is also effective against the pathogenic viruses Herpes Simplex, Type 2 and Influenza A2/Hong Kong. Foamy Q & A is recommended for use in schools, hotels, hospitals or any other commercial, industrial and institutional facility where a clean and sanitary environment is important.

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Five-Minute Disinfection Action: For quick five minute disinfectant activity against bacteria and viruses* in the presence of organic soil: 1. Spray directly on soiled surface. 2. Allow foam to wet surface for five minutes. 3. Wipe off with a damp cloth or sponge. 4. Rinse surfaces thoroughly with water. A preliminary cleaning is required for heavily soiled areas. Extremely heavy soils may require agitation with a mild scrubbing pad or brush.

General Cleaning and Deodorizing: Dilute Foamy Q & A 1:10 (12 oz./gal. of water) for general cleaning and deodorizing of hard non-porous surfaces. **NOTE:** Foamy Q & A contains phosphoric acid. Do not use with ammonia or bleach, or any other chemicals. Use of Foamy Q & A on older sinks and tubs, polished marble or aluminum, galvanized metal, resilient flooring, terrazzo or carpeting may cause etching or other damage. Some fiberglass such as Sterling's Vikrell is not acid-resistant. Consult manufacturer's warranty. Test in inconspicuous area before use.

DANGER PRECAUTIONARY STATEMENTS Hazard to Humans and Domestic Animals

Corrosive. Keep Out of Reach of Children. May be harmful or fatal if swallowed. Causes skin and eye damage. Inhalation of mist may cause respiratory irritation. Do not get in eyes, on skin, or on clothing. Do not inhale mist. Wear goggles or face shield and rubber gloves when handling and wash hands thoroughly afterwards.

Environmental Hazards: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) Permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Physical and Chemical Hazards: Do not use with other chemicals. Mixtures of this product with other chemicals, particularly those containing chlorine bleach or ammonia may result in the production of toxic gases, fire or explosion.

STATEMENT OF PRACTICAL TREATMENT: **Eye Contact:** Immediately flush eyes with plenty of water for 15 minutes. Remove contact lenses. Call physician. **Ingestion:** Call physician immediately. Rinse mouth. Drink a glassful of water or milk. Do not induce vomiting. **Skin Contact:** Remove contaminated clothing. Flush skin thoroughly with water, using soap freely, for 15 minutes. Cover with moist magnesia or baking soda. Wash contaminated clothing before reuse.

Inhalation: In case of respiratory irritation, move person to fresh air.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate use of gastric lavage.

Container Disposal: Do not reuse empty container. Wrap container and put in trash.
