FOAMY Q&A®

Acid Disinfectant Cleaner

ACTIVE INGREDIENTS:

Phosphoric acid 12.00%
Alkyl (C₁₄ - 50%, C₁₂ - 40%,
C₁₆ - 10%) dimethyl benzyl
ammonium chlorides 0.50%

INERT INGREDIENTS 87.50%

Total: 100.00%

EPA Reg. No. 5741-23
EPA Est. No. 5741-OH-1

**Foaming Clinging Action
Kills Many Germs in Five Minutes!**

**Staphylocidal, Pseudomonocidal, Salmonellacidal, Virucidal*
Effective Against Antibiotic-Resistant Bacteria****

*Kills HIV-1 (AIDS Virus), Kills Herpes simplex Type 2 and Influenza
A₂/Hong Kong viruses. ** Kills Methicillin-resistant Staphylococcus aureus
(MRSA) and Vancomycin-resistant Enterococcus faecalis (VRE)

KEEP OUT OF REACH OF CHILDREN

DANGER

Foamy Q & A[®]

Acid Disinfectant Cleaner

Foamy Q & A is a ready-to-use acid-based cleaner disinfectant with special foaming action for fast and efficient maintenance of shower stalls, tubs, sinks, floors, walls, toilet bowls, urinals and other similar surfaces. Use only on acid-resistant surfaces such as ceramic tile, fiberglass, quarry tile, chrome and stainless steel. Foamy Q & A is effective against the pathogenic bacteria *Staphylococcus aureus*, *Pseudomonas aeruginosa* and *Salmonella choleraesuis* even in the presence of organic soil! In addition, Foamy Q & A has been tested and found effective against the antibiotic-resistant bacteria Methicillin-resistant *Staphylococcus aureus* (MRSA) and Vancomycin-resistant *Enterococcus faecalis* (VRE). Foamy Q & A is also effective against the pathogenic viruses HIV-1 (AIDS Virus), Herpes simplex Type 2 and Influenza A₂/Hong Kong on hard nonporous inanimate surfaces.

Foamy Q & A is recommended for use in schools, hotels, hospitals or any other commercial, industrial and institutional facility where a clean and sanitary environment is important.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is not for use on medical device surfaces.

Five-Minute Disinfection Action: For five-minute disinfectant activity against ** bacteria and * viruses in the presence of organic soil:

1. Spray directly on soiled surface.
 2. Allow foam to wet surface for five minutes.
 3. Wipe off with a damp cloth or sponge.
 4. Rinse surface thoroughly with water.
- Preliminary cleaning is required for heavily soiled areas. Extremely heavy soils may require agitation with a mild scrubbing pad or brush.

***FOAMY Q & A KILLS HIV-1 (AIDS Virus) ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

Special Instructions for Cleaning and Decontamination against HIV-1 on Surfaces or Objects Soiled with Blood/Body Fluids:

Personal Protection: Exposure to blood and body fluids should be avoided by use of barrier protection such as latex or other impervious gloves. Face shields and impervious gowns should also be worn if splashing of blood or body fluids may occur.
Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of Foamy Q & A. **Contact Time:** Leave surfaces wet for 5 minutes. **Disposal of Infectious Materials:** Contaminated cleaning materials, blood and other body fluids should be autoclaved and/or disposed of according to local regulations for infectious waste disposal. **General Cleaning and Deodorizing:** Dilute Foamy Q & A 1:10 (12 oz./gal. of water) for general cleaning and deodorizing of hard nonporous surfaces. **NOTE:** Foamy Q & A contains phosphoric acid. Do not use with ammonia or bleach, or any other chemicals. Use of Foamy Q & A on older sinks and tubs, polished marble or aluminum, galvanized metal, resilient flooring, terrazzo or carpeting may cause etching or other damage. Some fiberglass such as Sterling's Vikrell is not acid-resistant. Consult manufacturer's warranty. Test in inconspicuous area before use.

DANGER

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

Corrosive. Causes irreversible eye damage or skin burns. May be fatal if swallowed. Harmful if absorbed through the skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for further treatment advice.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

24 HOUR MEDICAL EMERGENCY NUMBER: 888-314-6171

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Container Disposal

Do not reuse empty container. Wrap container and put in trash.
