Meghan Shoun  
Spartan Chemical Company, Inc.  
1110 Spartan Drive  
Maumee, OH 43537

Subject: Label Amendment – *Updating “non-hazardous” Classification*  
Product Name: Foamy Q&A  
EPA Registration Number: 5741-23  
Application Date: 08/21/19  
Decision Number: 555842

Dear Ms. Shoun:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Decision No. 555842

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Stacey Grigsby by phone at 703.305.6440, or via email at [grigsby.stacey@epa.gov](mailto:grigsby.stacey@epa.gov).

Sincerely,

A handwritten signature in cursive script that reads "Stacey Grigsby".

ACTIVE INGREDIENTS:  
 Phosphoric acid ..... 12.00%  
 Alkyl (C<sub>14</sub> - 50%, C<sub>12</sub> - 40%,  
 C<sub>16</sub> - 10%) dimethyl benzyl  
 ammonium chlorides ..... 0.50%  
 INERT INGREDIENTS: ..... 87.50%  
 TOTAL: ..... 100.00%

EPA Reg. No. 5741-23  
 EPA Est. No. 5741-OH-1

Foamy Q & A is a ready-to-use acid-based cleaner disinfectant with special foaming action for fast and efficient maintenance of shower stalls, tubs, sinks, floors, walls, toilet bowls, urinals and other similar surfaces. Use only on acid-resistant surfaces such as glazed ceramic tile, fiberglass, glazed quarry tile, chrome and stainless steel.

Foamy Q & A is effective against the pathogenic bacteria Staphylococcus aureus, Pseudomonas aeruginosa and Salmonella enterica even in the presence of organic soil! In addition, Foamy Q & A has been tested and found effective against the antibiotic-resistant bacteria Methicillin-resistant Staphylococcus aureus (MRSA) and Vancomycin-resistant Enterococcus faecalis (VRE). Foamy Q & A is also effective against the pathogenic viruses HIV-1 (AIDS Virus), Herpes simplex Type 2 and Influenza A<sub>2</sub>/Hong Kong on hard nonporous inanimate surfaces.

Foamy Q & A is for use in schools, hotels, hospitals or any other commercial, industrial and institutional facility where a clean and sanitary environment is important.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is not for use on medical device surfaces.

## Acid Disinfectant Cleaner

**Foaming Clinging Action Kills Many Germs in Five Minutes!**  
**Staphylocidal, Pseudomonicidal, Salmonellacidal, Virucidal\* Effective**  
**Against Antibiotic-Resistant Bacteria\*\***

\*Kills HIV-1 (AIDS Virus), Kills Herpes Simplex Type 2 and Influenza A<sub>2</sub>/Hong Kong viruses.  
 \*\*Kills Methicillin-resistant Staphylococcus aureus (MRSA) and  
 Vancomycin-resistant Enterococcus faecalis (VRE)  
 Kills Pandemic 2009 H1N1 influenza A virus

**ACCEPTED**  
 11/06/2019  
 Under the Federal Insecticide, Fungicide  
 and Rodenticide Act as amended, for the  
 pesticide registered under  
 EPA Reg. No. 5741-23

**KEEP OUT OF REACH OF CHILDREN**  
**DANGER**  
 See back panel for additional precautionary and first aid statements.

Ready  
to Use

**FOR INSTITUTIONAL AND INDUSTRIAL USE**

**Five-Minute Disinfection Action:** For five-minute disinfectant activity against \*\*bacteria and \*viruses in the presence of organic soil:

1. Spray directly on soiled surface.
2. Allow foam to wet surface for five minutes.
3. Wipe off with a damp cloth or sponge.
4. Rinse surface thoroughly with water.

Preliminary cleaning is required for heavily soiled areas. Extremely heavy soils may require agitation with a mild scrubbing pad or brush.

**\*FOAMY Q & A KILLS HIV-1 (AIDS Virus) ON PRE-CLEANED ENVIRONMENTAL SURFACES/ OBJECTS PREVIOUSLY SOILED WITH BLOOD/ BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/ objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

**Special Instructions for Cleaning and Decontamination against HIV-1 on Surfaces or Objects Soiled with Blood/Body Fluids:**

**Personal Protection:** Exposure to blood and body fluids must be avoided by use of barrier protection such as latex or other impervious gloves. Face shields and impervious gowns must be worn if splashing of blood or body fluids may occur.

**Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of Foamy Q & A.  
**Contact Time:** Leave surfaces wet for 5 minutes.

**Disposal of Infectious Materials:** Gross contamination of blood or body fluids must be autoclaved and/or disposed of according to local regulations for infectious waste disposal.

**General Cleaning and Deodorizing:** Dilute Foamy Q & A 1:10 (12 oz./gal. of water) for general cleaning and deodorizing of hard nonporous surfaces.

**NOTE:** Foamy Q & A contains phosphoric acid. Do not use with ammonia or bleach, or any other chemicals. Use of Foamy Q & A on older sinks and tubs, polished marble or aluminum, galvanized metal, resilient flooring, terrazzo or carpeting may cause etching or other damage. Some fiberglass such as Sterling's Vikrell is not acid-resistant. Consult manufacturer's warranty. Test in inconspicuous area before use.
