### **USE DIRECTIONS:**

For light duty cleaning, sanitizing and deodorizing, use 2 ounces per gallon.

For heavy duty cleaning and disinfecting and fungicidal activity against pathogenic fungi, use 4.5 ounces per gallon.

For best results, use with a cloth or mop and apply to walls, floors and other hard surfaces. If used for sanitization of food contact items, limit the level to 200 ppm of quaternary (8 ounces per 5 gallons).

For heavy soil or organic matter, a precleaning step is recommended.

For extra heavy industrial cleaning and sanitizing, use a second application.

Do not mix with soap or anionic solutions.

It is non-corrosive in use dilutions on inanimate hard surfaces.

## PHENOL COEFFICIENTS:

Minimum S. aureus 14 S. typhosa 9
Rinse empty container thoroughly with water and discard.

### EPA Reg. No. 5747-20

### DANGER

Keep Out of Reach of Children. See right side punel for additional precautionary statements.

#### Manufactured by

Arrow Chemical Products, Inc., Detroit, Mich. 48216

A heavy duty cleaner and disinfectant designed for general purpose use where heavy duty clean ing and sanitizing is of prime importance. When used as directed, it will remove most household dirt and grime in a single, simple application. When used for industrial cleaning, follow the use directions shown on the left side panel.

Not recommended for Pseudomonas aeruginosa.

For sanitization of food processing equipment or food contact items, limit the active quaternary to 200 ppm. At this level food contact surfaces require a potable water rinse.

#### **DANGER**

Keep Out of Reach of Children. Causes severe eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

### FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician.
