

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin or clothing. Do not allow spray to contact food, feedstuffs and water supplies. Thoroughly wash food contact surfaces with soap and water if they become contaminated by application of this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls (tanks) before spraying. Do not apply this product in conduits, motor housings, junction and switch boxes or other electrical equipment. Do not use in areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed. **NOTE TO PHY-SICIAN:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

STATEMENT OF PRACTICAL TREATMENT: If in eyes or on skin. Flush with plenty of water. If irritation persists get medical attention.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near heat or open flame.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool dry area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.

Hot Shot Complete Treatment Bug Killer gives rapid kill of crawling insects and leaves an invisible film that keeps killing for weeks.

This product is designed for spot treatment in homes, apartments, non food areas of commercial and institutional offices and buildings, food processing establishments, schools, dairies, supermarkets, restaurants, autos, boats, dog kennels, and certain outdoor use. Do not use as a space spray. Shake well before using.

TO KILL ROACHES, ANTS, CRICKETS, SILVER-FISH, SPIDERS, FIREBRATS, CLOVER MITES, CENTIPEDES, MILLIPEDES, EARWIGS, SOW-BUGS: Apply as a coarse spray on baseboards, crevices, cracks, openings around pipes and sinks, under appliances, and in other dark, moist areas. Spray bugs directly when possible. Spray door frames and window sills where bugs may enter. For Ants, also spray nests and trails. Repeat as necessary.

TO KILL CARPET BEETLES: Thoroughly spray along baseboards, under carpeting, rugs and furniture, in closets, on shelving and wherever else these insects are seen or suspected.

TO KILL FLEAS, BROWN DOG TICKS, AND LONE STAR TICKS: Thoroughly spray infested areas such as pet's bed and resting quarters. Also spray any other localized areas where these insects may be present. Remove pet's old bedding and replace with clean, fresh bedding after treatment of pet area. Treat all pets with a registered flea and tick pet product before allowing them to enter or the room may be reinfested. **DO NOT SPRAY ANIMALS.**

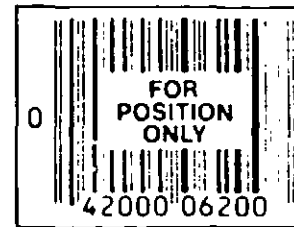

TO KILL FLIES: Use outdoors only to reduce annoyance from these insects. Apply to outside surfaces of buildings, screens, patios, garbage sites or other areas where these insects congregate.

Flying insects coming to rest on treated surfaces will be killed. Do not use on plants and shrubs. Repeat as necessary.

HOW TO USE HOSE SPRAYER ATTACHMENT

1. Submerge sprayer and hose in warm tap water for about 5 minutes to straighten hose.
2. Remove shipping cap from container.
3. Insert hose into container and tighten hose screw cap.
4. Point sprayer away from face and open tip by turning in direction of arrow.
5. Hold sprayer below the level of the container and pump several times to prime.
6. Sprayer may be adjusted from a fine spray mist to a direct stream by turning sprayer tip. Hold sprayer 8 to 12 inches from treated surface.
7. After each use, remove sprayer hose and replace shipping cap to prevent spillage or evaporation.
8. Spray clean water through hose after each use to clean.

Sprayer should be used only with Hot Shot Complete Treatment Bug Killer.

Money Back Guarantee: Guaranteed to kill the insects listed when used as directed or your money back.

READY TO USE

NON-FLAMMABLE.

ACTIVE INGREDIENTS:

*1-Resmethrin (5-phenylmethyl-3-furylmethyl 2,2-dimethyl-3-(2-methyl-1-propenyl)cyclopropanecarboxylate)	0.05%
*Chlorpyrifos (0,0-diethyl 0-(3,5,6-trichloro-2-pyridyl)phosphorothioate)	0.50%
Related compounds	0.01%
Aromatic petroleum derivative solvents	0.42%

INERT INGREDIENTS

*Cis/trans isomers ratio max 30% (+/-) cis and min 70% (+/-) trans	99.02%
U.S. Patent Nos. 3,465,007 and 3,542,928	
SBP-1382 is a registered trademark of Penick Corp., Lyndhurst, New Jersey 07071	
U.S. Patent No. 3,244,586	

CAUTION **Keep Out Of Reach** **Of Children**
