Fence Painter Weed Out (NON SELECTIVE)

A Total Weed Killer (Non Selective)

Weed Out is a powerful, non-selective weed killer that kills all types of weeds, grasses, and other unwanted plants. It is easy to apply and provides long-lasting results. For best results, apply to a dry, sunny day. Fence Painter Weed Out is available in both liquid and powder forms. The powder form is particularly effective for use in areas where liquid application is difficult.

CAUTION

Avoid contact with skin, eyes, and clothing. Wear protective clothing and gloves. Do not inhale dust or spray. Avoid contact with children and pets. Do not use in areas where it may be harmful to desirable plants. Do not apply with a high-pressure spray. In powder form, do not breathe dust. Avoid contact with grapes, raisins, and cranberries. Do not mix with any other chemicals. To obtain best results, Fence Painter Weed Out should be applied to weeds when they are in the growing stage. Application should be made in the morning or late afternoon. Weed Out may be applied anytime of the year.
