

Precautionary Statements
Hazards to Humans and Domestic Animals

DANGER - DANGER

Corrosive. Causes severe eye irritation. Avoid contact with eyes. Wash thoroughly with water. Avoid contact with skin. Avoid contact with clothing. Avoid contact with food.

ENVIRONMENTAL HAZARDS - This product is toxic to fish. Do not discharge into water. Do not discharge into the environment. Do not discharge into the atmosphere. Do not discharge into the ground. Do not discharge into the sewer.

PHYSICAL HAZARDS - This product is highly flammable. Do not use near open flame. Do not use near heat. Do not use near sparks. Do not use near fire.

STORAGE AND DISPOSAL

- Do not store in a place where children can reach.
- Do not store in a place where food is stored.
- Do not store in a place where food is prepared.
- Do not store in a place where food is consumed.

PESTICIDE DISPOSAL - This product is a pesticide. Do not dispose of in the environment. Do not dispose of in the atmosphere. Do not dispose of in the ground. Do not dispose of in the sewer.

CONTAINER DISPOSAL - This product is a pesticide. Do not dispose of in the environment. Do not dispose of in the atmosphere. Do not dispose of in the ground. Do not dispose of in the sewer.

GENERAL - This product is a pesticide. Do not use in the environment. Do not use in the atmosphere. Do not use in the ground. Do not use in the sewer.

USING DIRECTIONS:

General Classification - This product is a pesticide. Do not use in the environment. Do not use in the atmosphere. Do not use in the ground. Do not use in the sewer.

SUPER LAUNDRY **BACTERIOSTAT-SANITIZER**

RESIDUAL BACTERIOSTAT AND SELF-SANITIZING AGENT
UNDER HUMID OR WET CONTAMINATION CONDITIONS

Active Ingredients

Octyl decyl dimethyl ammonium chloride 3.50%
 Dioctyl dimethyl ammonium chloride 1.75%
 Didecyl dimethyl ammonium chloride 1.75%

Inert Ingredients

DEC 3 1 1980
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 5736-61 100.0 %

DANGER KEEP OUT OF REACH OF CHILDREN

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsions may be needed.

See Left Panel For Additional Precautionary Statements

For residual bacteriostat monoelemental ATCC No. 6538 use 4 fl oz per 100 lb of laundry.

For residual self-sanitizing monoelemental ATCC No. 6538 use 4 fl oz per 100 lb of laundry.

Drate the appropriate amount of BACTERIOSTAT-SANITIZER per 100 lb of laundry.

Re-treat fabric after each use.

If frozen, thaw and mix to use. This product does not contain.

DuBOIS SUPER LAUNDRY is a highly-active mixture of monoelemental compounds.

Soiled and contaminated institutional linen, and at keeping concern not only in restaurants and schools. DuBOIS BACTERIOSTAT-SANITIZER and self-sanitizing such as diapers, hospital equipment. For residual bacteriostat and self-sanitizing conditions of high relative DuBOIS SUPER LAUNDRY is a highly-active mixture of monoelemental compounds. For residual bacteriostatic activity against *Klebsiella pneumoniae* (ATCC No. 4382) and *Staphylococcus aureus* (ATCC No. 6538) use 4 fluid oz. per 100 lbs. of fabric (dry weight).

For residual self-sanitizing activity, against *Klebsiella pneumoniae* (ATCC No. 4382) and *Staphylococcus aureus* (ATCC No. 6538) use 4 fluid oz. DUBOIS SUPER LAUNDRY BACTERIOSTAT-SANITIZER per 100 lbs. of fabric (dry weight).

Place the appropriate amount of DUBOIS SUPER LAUNDRY BACTERIOSTAT-SANITIZER in one to two gallons of water, then add to the washwater in the final rinse.

Re-treat fabric after each washing.

If frozen, thaw and mix to make usable.

This product does not contain phosphorus.

DUBOIS SUPER LAUNDRY BACTERIOSTAT-SANITIZER is based on a highly active mixture of three Twin Chain quaternary ammonium compounds.

Saves and maintains in fabrics such as diapers, hospital and institutional linens, and other equipment is of major house-keeping importance. In hospitals, but in institutions, hotels, restaurants, and shops it is as directed. DUBOIS SUPER LAUNDRY BACTERIOSTAT-SANITIZER provides effective residual bacteriostatic and self-sanitizing properties for laundered items such as diapers, hospital and institutional linens, and athletic equipment. For residual bacteriostatic or self-sanitizing activity, conditions of high relative or wet contamination are required. DUBOIS SUPER LAUNDRY BACTERIOSTAT-SANITIZER is designed for commercial and institutional laundry use by addition to the final rinse step. Laundered fabric may also be treated by soaking in a solution of DUBOIS SUPER LAUNDRY BACTERIOSTAT-SANITIZER. For recommended solution concentration, see Use Directions.

DUBOIS SUPER LAUNDRY BACTERIOSTAT-SANITIZER is economical to use because it is concentrated. It should be handled with care.
