## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**WARNING:** Causes eye or skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food. Remove and wash contaminated clothing.

### STORAGE AND DISPOSAL

This product must be kept under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

- Do not contaminate water, for J, or feed by storage or disposal
- Open dumping is prohibited
- Do not reuse empty container

### PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

### CONTAINER DISPOSAL

#### PLASTIC CONTAINERS

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**GENERAL:** Consult federal, state or local disposal authorities for approved alternative procedures such as limited open burning.

### STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. If swallowed, drink promptly a large quantity of water.

### CAUTIONARY STATEMENTS

#### HAZARD TO HUMANS AND DOMESTIC ANIMALS

Irritant. Causes eye or skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food. Wash hands and wash contaminated clothing.

#### STORAGE AND DISPOSAL

Must be kept under locked storage sufficient to make it inaccessible to persons unfamiliar with its proper use.

Do not contaminate water, food, or feed by storage or disposal. Dumping is prohibited. Do not reuse empty container.

#### DISPOSAL

Wastes are acutely hazardous. Improper disposal of excess pesticide, spray mix, or empty container is a violation of Federal Law. If these wastes cannot be disposed of by following label instructions, contact your State Pesticide or Environmental Control Agency, or the nearest EPA Regional Office for more information.

#### RECYCLING

Containers must be recycled, reused, or properly disposed of. Do not burn or incinerate. If burned, stay out of smoke.

Consult federal, state or local disposal authorities for approved alternative disposal methods such as limited open burning.

#### STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. If swallowed, drink promptly a glass of water.

#### Manufactured by

SPURRIER CHEMICAL COMPANIES, INC.

1001 E. CENTRAL, P.O. BOX 2812 • WICHITA, KANSAS 67201

FOR SALE FOR USE AND STORAGE BY MAINTENANCE PERSONNEL ONLY

For use in hotels, motels, schools, hospitals, nursing homes, restaurants, and similar institutions.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. For cleaning and deodorizing walls, floors, countertops, and similar surfaces add 2 oz. Spur-Tex Disinfectant Cleaner-Deodorant to a gallon of water. Thoroughly wet all treated surfaces with cloth, sponge, or mop dipped in solution.
2. For maximum cleaning and disinfection add 4 oz. Spur-Tex Disinfectant Cleaner-Deodorant per gallon water. Thoroughly wet all treated surfaces.
3. To control growth of mildew (mold or fungi) on walls, floors, counters, and similar surfaces, clean surface thoroughly, then wipe or mop with sponge or cloth saturated with solution of 4 oz. of Spur-Tex Disinfectant Cleaner-Deodorant to 1 gal. water and let dry. Repeat application when new growth appears. Rinse all food contact surfaces with potable water before use.

### SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS.

KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

PERSONAL PROTECTION - When handling items soiled with blood or body fluids use disposable latex gloves, gowns, masks, or eye coverings. CLEANING PROCEDURES - Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of (800) DCD. After cleaning is complete, follow disinfection directions (2 oz. per gallon) described previously. CONTACT TIME - Allow surface to remain wet for 10 minutes. DISPOSAL OF INFECTIOUS MATERIALS - Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.
