Precautionary Statements Hazards to Humans and Domestic Animals

DANGER

Corrosive Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

STORAGE AND DISPOSAL

Keep product dry in tightly closed containers when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of a decomposition isolate container if possible and flood with large amounts of water to dissolve all material before discarding. Do not reuse container, rinse empty container thoroughly with water and discard it, or place in trash collection or dispose in approved landfill area. Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

FOR SALE FOR USE AND STORAGE BY MAINTENANCE PERSONNEL ONLY

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Clean and rinse all equipment before sanitizing.
2. **SOFT ICE CREAM FREEZERS:** Rinse thoroughly with warm water. Add 3 c. SPUR-TEX SC (5 level Tbs.) to 3 gallons of water in mix hopper. Pump into freezer and operate beater 5 to 6 minutes. Drain and rinse with potable water. Dismantle, check and wipe or brush if needed. Sanitize before using by flushing for at least 2 minutes with 2 oz. SC (4 level Tbs.) to 4 gallons of water (125 ppm available chlorine). Drain and air dry.
3. **SANITIZING RINSE:** - 3 compartment sink. Scrape and pre-wash utensils and glasses whenever possible. Wash with a good detergent or compatible cleaner. Rinse with clean potable water. Sanitize by immersing in solution of 2 1/2 oz. SPUR-TEX SC (5 level Tbs.) in 3 gallons of water (183 ppm available chlorine) for at least 2 minutes or for contact time specified by governing sanitary code. Place utensils on a rack or drainboard to air dry.
4. **Cleaning and Deodorizing Porcelain, Wood, and Enamelled Surfaces** such as sinks and refrigerators. Use 1 oz. (2 level Tbs.) SPUR-TEX SC per quart of water (520 ppm available chlorine) and apply this solution to such surfaces. Allow solution to contact surface at least 1 minute, then drain and air dry.

For removal of hardened milkstone, calcium, or rust use SPUR-TEX Sanitizer Cleaner as a scouring powder, applying with a sponge. Do not use on resilient tile, aluminum or painted surfaces. Make up fresh SC solution each morning and as frequently during the day as is necessary. Do not re-use soiled sanitizing solutions.
