DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Operate: Hold container upright, nozzle away from you and spray infested surfaces only until wet

Roaches, Ants, Waterbugs, Silverfish, Spiders, Crickets: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks and stoves. Spray other localized areas infested with these pests. Repeat treatment as required. Do not spray foodstuffs or house plants. Do not allow children to contact treated surfaces until surfaces are completely dry.

Brown Dog Ticks: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as reinfestation occurs. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation

Flies, Mosquitoes, Wasps and Flying Moths Outdoors: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate. Repeat treatment as necessary.

Fleas, Ants, Brown Dog Ticks, Clover Mites, Earwigs, Crickets, Millipedes Outdoors: For treatment of localized infestations of these insects in outdoor areas or where these insects may enter the dwelling, spray infested areas thoroughly. For **Fleas** and **Brown Dog Ticks**, spray weeds and bushy non-crop vegetation. Repeat treatment as necessary. Do not spray desirable vegetation.

DISPOSAL

Do not reuse empty container.
Wrap container and dispose of in trash collection.
Do not incinerate.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should be avoided. Do not use as a space spray.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

PHYSICAL OR CHEMICAL HAZARDS

Flammable! Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. **DO NOT INDUCE VOMITING.**

If Inhaled: Remove patient to fresh air. Apply artificial respiration if indicated.

If on Skin: Remove contaminated clothing and wash affected areas with soap and water.

If in Eyes: Flush eyes with plenty of water. Get medical attention immediately.

Note to Physician: Atropine sulfate is antidotal.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
