409 disinfectant bathroom CLEANER II

SHAKE WELL BEFORE
AND OCCASIONALLY DURING USE

1. Spray holding can 6 to 8 inches from surface to be cleaned.
2. Allow foam to penetrate dirt and soap scum.
3. Wipe clean. No scrubbing or rinsing needed (on stubborn spots allow foam to remain on surface before wiping).
4. To insure that product can be sprayed when the container is nearly empty, point arrow on spray button to red mark on rim.

Kills dangerous staph and strep germs and athletes foot fungi and Pseudomonas aeruginosa on environmental surfaces.

Use Formula 409 Bathroom Cleaner to Clean in the Home: bathtubs • showers • tile walls and floors • chrome and stainless steel • plastic counter tops • toilet surfaces • enamel and ceramic surfaces • vinyl upholstery • all washable bathroom surfaces.

To remove mold and mildew stains and odors and control their growth on hard non-porous surfaces, clean surface and spray thoroughly with 409 Bathroom Cleaner. Reapply if new growth appears.
