 EPA Registration No. 5813-21  
 Application Date: November 29, 2005  
 Receipt Date: November 30, 2005

Dear Ms. Lawson:

The following amendment submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is accepted with conditions.

### Conditions

1. Remove the term "Action" which is not qualified as it appears on the label.
2. Remove "Pure Clean" and "Truly Clean" which would be superlative claims.
3. Change the general "Allergen Destruction" heading which is too broad to one of the following headings.
  - (a) Dust Mite and Cockroach Matter/Particles and Pet Dander Allergen Destruction.
  - (b) Allergen Destruction of Dust Mite and Cockroach Matter/Particles and Pet Dander.
4. The claim "This product cleans, kills germs and destroys **many allergens** while cleaning hard, nonporous surfaces . . ." seems to imply that allergens other than those indicated on the label would be included. Delete "many allergens" from the label.
5. Remove the following comparative statements from the label:
  - (a) Nothing disinfects like bleach
  - (b) There's nothing like a bleach clean
  - (c) Now Better Bleach Control
  - (d) Kills-or-wipes out germs with the power of bleach
