EPA Registration No. 5813-21
Application Date: March 28, 2008
Receipt Date: April 1, 2008

Dear Ms. Estremera-Pasky:

The following amendment submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable with conditions

Conditions

1. Revise the Precautionary Statement as follows:

WARNING: EYE AND SKIN IRRITANT. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Avoid contact with skin. Wear protective eyewear [such as goggles or safety glasses]. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Harmful if swallowed. For sensitive skin or prolonged use, wear gloves. Vapors may irritate. Avoid prolonged breathing of vapors. Use only in well ventilated areas. [Not recommended for persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease.]

2. Some but not all of the organisms cited on page 3 of the label under Farm and Poultry House Disinfection are applicable for that use site. Therefore, all of the organisms must be separated from Farm and Poultry House Disinfection directions for use.

3. The Agency could not verify that Turkey/Wis/66 (H9N2) is in fact a strain of "Avian Influenza A [ATCC VR-2072]." This claim has been removed from the label until such time as evidence is provided that confirms Avian Influenza A [ATCC VR-2072] is indeed that strain of Turkey/Wis/66 (H9N2).
4. The label refers to new fragrances under the General Claims section. The Agency only allows the term "**new**" to be used for 6 months. The fragrances Citrus, Floral, Fresh and Pleasant have been on the label since October 2006. Have they been improved since the 10/17/06. If they are not new and/or improved then you may longer use the term new.
