RE: Label Amendment Dated September 6, 2007, revised Nov. 30, 2007  
Product Name: Strike  
EPA Registration Number: 5813-23

Dear Ms. Lawson:

The Agency has reviewed your submission submitted in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action acceptable with the following conditions:

- \* Change "Let stand 5 minutes..." to "Let stand 10 minutes..."
- \* Delete the sentence "Limited disinfectant against intestinal bacteria". This claim is not allowed because the label of a disinfectant which is effective against a specific major group of microorganisms only must specify the major group, not gram positive and gram negative.

In summary, your request to revise the precautionary text as proposed with your original submission is acceptable. A copy of your stamped accepted label is enclosed.

If you have questions concerning this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at [luminello.tom@epa.gov](mailto:luminello.tom@epa.gov).

Sincerely,
