

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JUN - 3 1993

Ms. Janine Gleason, Senior Product Safety Scientist
The Clorox Company
P.O. Box 493
Pleasanton, CA 94566-0803

Dear Ms. Gleason:

SUBJECT: TILEX
EPA Registration No. 5813-24
Your Notification of October 9, 1992

This is in response to your submission of the above date notifying the Agency of an additional brand name and the addition of the informational phrase, "If the vapors bother you, leave the room while Tilex is working." We have no objection to either the name or the phrase. This notification has been included in the file for this registration. Please note that we do not routinely acknowledge receipt of notifications.

If you have any further questions, please contact Ms. Barbara Pringle at (703) 305-6484.

Sincerely,

Ruth G. Douglas
Product Manager 32
Antimicrobial Program Branch
Registration Division (H-7504C)

CONCURRENCES							
SYMBOL	H-7504C						
SURNAME	Pringle						
DATE	6-3-93						

Additional Brand Name Label

TILEX
Instant Mildew Remover

**AVOID PROLONGED
BREATHING OF VAPOR**

Use in well ventilated areas. Open windows and turn on fans before use. If the vapors bother you, leave the room while Tilex is working. For sensitive skin or prolonged use, wear gloves.

HOUSEHOLD USE It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Turn sprayer nozzle counter-clockwise to open. **TO REMOVE MILDEW STAINS:** Spray, wait until stains disappear and rinse. **TO CLEAN SOAP SCUM:** Spray, wait a few minutes, wipe with sponge. Heavy soap scum or mildew buildup may need two cleanings. Tilex may not be able to remove mildew and soap scum imbedded in hard water deposits, old grout or silicone caulking. **TO DISINFECT AND KILL MILDEW ON HARD NON-POROUS SURFACES:** Spray surface such as tile until thoroughly wet, let stand five minutes and wipe. For heavy use, pre-cleaning is required. Tilex kills staph, strep, and athlete's foot fungus.

WHERE TO USE Works on tile, grout, tubs, fiberglass, shower doors, vinyl curtains, canvas, sinks, and no-wax floors. Rinse immediately after use on rubber, plastic, and vinyl. Avoid prolonged contact with metal and old porcelain as Tilex can react with these materials and leave a 'rusty' stain. Do not use on wood or painted surfaces unless you plan to refinish or repaint them. Avoid contact with skin, clothes, fabric, carpet or paper surfaces as they will discolor.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.

WARNING: CAUSES EYE AND SKIN IRRITATION. Do not get in eyes or on clothing. Vapors may be harmful if inhaled. Use only in well ventilated areas. Avoid prolonged breathing of vapors. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema, or obstructive lung disease. Harmful if swallowed. For sensitive skin or prolonged use, wear gloves. **PHYSICAL AND CHEMICAL:** TILEX contains bleach. Do not use or mix with other household chemicals such as ammonia, toilet bowl cleaners, rust removers, vinegar or acid. To do so will release hazardous gases. **STORAGE AND DISPOSAL:** CONTAINS NO PHOSPHORUS. BEST IF USED BY DATE ON LABEL. EPA REG NO. 5813-24. EPA EST. NO. 5813-CA1.
