 pesticide, registered under
 EPA Reg. No. 5813-24

AVOID PROLONGED BREATHING OF VAPOR

Use in well ventilated areas. Open windows and turn on fans before use. If the vapors bother you, leave the room while this product is working. For sensitive skin or prolonged use, wear gloves. Do not mix with Tilex® Soap Scum Remover -or- Tilex® Soap Scum and Bathroom Cleaner.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOUSEHOLD USE: Turn sprayer nozzle counterclockwise to open. **TO REMOVE MILDEW STAINS:** Spray, wait until stains disappear and rinse. **TO CLEAN SOAP SCUM:** Spray, wait a few minutes, wipe with sponge. Heavy soap scum or mildew buildup may need two cleanings. This product may not be able to remove mildew and soap scum imbedded in hard water deposits, old grout or silicone caulking. **TO DISINFECT AND KILL MILDEW ON HARD NON-POROUS SURFACES:** Spray surface such as tile until thoroughly wet, let stand five minutes and rinse. For heavy soil, pre-cleaning is required. This product kills staph, strep, and athlete's foot fungus. **FOR SOAP SCUM PROBLEMS:** Use Tilex® Soap Scum Remover.

WHERE TO USE: Works on tile, grout, tubs, fiberglass, shower doors, vinyl curtains, counters, sinks, and no-wax floors. Rinse immediately after use on rubber, plastic and vinyl. Avoid prolonged contact with metal and old porcelain as this product can react with these materials and leave a "rusty" stain. Do not use on wood or painted surfaces unless you plan to refinish or repaint them. Avoid contact with aluminum, clothes, fabric, carpet or paper surfaces as they will discolor. **BIG JOBS:** Tilex can effectively clean many household surfaces. For convenience use the turret top or refill your Tilex sprayer bottle.

TO CLEAN AND DISINFECT TOILET BOWLS: Flush toilet and add 1 cup Tilex to bowl. Brush to thoroughly wet all surfaces including under rim. Let stand 5 minutes before flushing.

FLOORS: Mop washable floors including no-wax floors, linoleum, vinyl and ceramic tile with 1 cup Tilex per gallon of warm water. Rinse for best shine.

CEMENT POOL AREAS: Apply liberally (full strength) and rinse. **VINYL AND PLASTIC OUTDOOR FURNITURE:** Sponge on full strength and rinse immediately.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.

WARNING: Causes substantial but temporary eye injury and can irritate skin. For sensitive skin or prolonged use, wear gloves. Do not get in eyes or on clothing. Vapors may irritate. Use only in well ventilated areas. Avoid prolonged breathing of vapors. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. Due to irritating nature, may be harmful if swallowed.

STATEMENT OF PRACTICAL TREATMENT: If in eyes, hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Get medical attention. If swallowed, drink large amounts of water. **DO NOT** induce vomiting. Call a physician or poison control center immediately. If breathing is affected, get fresh air immediately. If on skin, wash thoroughly with water. Remove contaminated clothing and wash before use. Get medical attention if irritation persists. **Physical and Chemical Hazards:** This product contains bleach. Do not use or mix this product with other household chemicals such as products containing ammonia, toilet bowl cleaners, rust removers, vinegar or acid. To do so will release hazardous gases. **Storage and Disposal:** Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. Do not reuse empty container but place in trash collection, or rinse and offer for recycling.

(For institutional uses only): Storage and Disposal: Store this product in cool, dry area, away from direct sunlight and heat to avoid deterioration. Do not reuse empty container but place in trash collection, or rinse and offer for recycling. Do not contaminate water, food, or feed by storage, disposal or use of this product.
