

AUG 7 2002

Ms. Therese A. Adkins
The Clorox Company
c/o PS&RC
P.O. Box 493
Pleasanton, CA 94566-0803

Subject: Tilex
EPA Registration Number 5813-24
Application Date: July 3, 2002
Receipt Date: July 5, 2002

Dear Ms. Adkins:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- to revise the "first aid" per PR Notice 2001-1

Conditions

Revise the label as follow:

- Under the First Aid Statement revise the heading "If Breathing is Affected" to read: "If Inhaled".

General Comments

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

AVOID PROLONGED BREATHING OF VAPOR

Use in well ventilated areas. Open windows and turn on fans before use. If the vapors bother you, leave the room while this product is working. For sensitive skin or prolonged use, wear gloves. Do not mix with Tilex® Soap Scum Remover -or- Tilex® Soap Scum and Bathroom Cleaner.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOUSEHOLD USE: Turn sprayer nozzle counterclockwise to open. **TO REMOVE MILDEW STAINS:** Spray, wait until stains disappear and rinse. **TO CLEAN SOAP SCUM:** Spray, wait a few minutes, wipe with sponge. Heavy soap scum or mildew buildup may need two cleanings. This product may not be able to remove mildew and soap scum imbedded in hard water deposits, old grout or silicone caulking. **TO DISINFECT AND KILL MILDEW ON HARD NON-POROUS SURFACES:** Spray surface such as tile until thoroughly wet, let stand five minutes and rinse. For heavy soil, pre-cleaning is required. This product kills staph, strep, and athlete's foot fungus. **FOR SOAP SCUM PROBLEMS:** Use Tilex® Soap Scum Remover.

WHERE TO USE: Works on tile, grout, tubs, fiberglass, shower doors, vinyl curtains, counters, sinks, and no-wax floors. Rinse immediately after use on rubber, plastic and vinyl. Avoid prolonged contact with metal and old porcelain as this product can react with these materials and leave a "rusty" stain. Do not use on wood or painted surfaces unless you plan to refinish or repaint them. Avoid contact with aluminum, clothes, fabric, carpet or paper surfaces as they will discolor. **BIG JOBS:** Tilex can effectively clean many household surfaces. For convenience use the turret top or refill your Tilex sprayer bottle.

TO CLEAN AND DISINFECT TOILET BOWLS: Flush toilet and add 1 cup Tilex to bowl. Brush to thoroughly wet all surfaces including under rim. Let stand 5 minutes before flushing.

FLOORS: Mop washable floors including no-wax floors, linoleum, vinyl and ceramic tile with 1 cup Tilex per gallon of warm water. Rinse for best shine.

CEMENT POOL AREAS: Apply liberally (full strength) and rinse. **VINYL AND PLASTIC OUTDOOR FURNITURE:** Sponge on full strength and rinse immediately.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.

WARNING: Causes substantial but temporary eye injury and can irritate skin. For sensitive skin or prolonged use, wear gloves. Do not get in eyes or on clothing. Vapors may irritate. Use only in well ventilated areas. Avoid prolonged breathing of vapors. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. Due to irritating nature, may be harmful if swallowed.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF BREATHING IS AFFECTED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glassful of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

(For institutional uses only): Storage and Disposal: Store this product in cool, dry area, away from direct sunlight and heat to avoid deterioration. Do not reuse empty container but place in trash collection, or rinse and offer for recycling. Do not contaminate water, food, or feed by storage, disposal or use of this product.

Contains No Phosphorus. Best If Used By Date Below:
EPA Reg. No. 5813-24, EPA Est. No. 5813-CA3, GA1
(Actual EPA Est. No. in code below)
