HOUSEHOLD USE

For non foaming trigger

TO REMOVE MILDEW STAINS Turn sprayer nozzle to SPRAY position. Spray, wait until stains disappear and rinse. Heavy mildew buildup may require longer contact time or two cleanings.

For foaming trigger

TO REMOVE MILDEW STAINS Turn nozzle to FOAM or FOAM SPRAY or [For tough jobs] turn nozzle to FOAM STREAM [position] (*trigger has "foam stream" and "foam spray" listed on the nozzle*). Spray 6-8 inches from surface until surface is thoroughly covered. Allow foam to deeply penetrate mildew and problem areas. Wipe with a wet sponge or cloth and rinse. Heavy mildew buildup may require longer contact time or two cleanings. If excess foam dries on nozzle, rinse with warm water.

For both the foaming and non foaming triggers

To Remove Mildew Stains Spray 6-8 inches from surface until surface is thoroughly covered. Allow foam to deeply penetrate mildew and problem areas. Wipe with a wet sponge or cloth and rinse. Heavy mildew buildup may require longer contact time or two cleanings. If excess foam dries on nozzle, rinse with warm water.

TO DISINFECT AND KILL MOLD & MILDEW ON HARD, NONPOROUS SURFACES such as glazed ceramic tile. Spray surface until thoroughly wet, let stand 5 minutes and rinse. This product kills *Staphylococcus aureus* (Staph), *Streptococcus pyogenes* (Strep) and Trichophyton mentagrophytes (Athlete's Foot Fungus).

TO KILL MOLD & MILDEW ON HARD, POROUS SURFACES such as grout and cement. Spray surface until thoroughly wet, let stand 10 minutes and rinse. [Repeat application.]

TO CLEAN SOAP SCUM Spray, wait a few minutes, wipe with sponge. Heavy soap scum or mildew buildup may need two cleanings. This product may not be able to remove soap scum and mildew embedded in hard water deposits, old grout or silicone caulking. **FOR SOAP SCUM PROBLEMS** Use Tilex® Soap Scum Remover or Tilex® Soap Scum and Bathroom Cleaner or Tilex Bathroom Cleaner.

[Works on grout, [bath]tubs, toilets, fiberglass shower doors, vinyl curtains, counters or countertops, sinks, glass, plastic, glazed ceramic tile, unglazed ceramic tile, no wax floors, basement floors, windowsills, refrigerator seals, and under the sink.]

Rinse immediately after use on rubber, plastic and vinyl. Avoid prolonged contact with metal and old porcelain as this product can react with these materials and leave a rusty stain. Do not use on wood or painted surfaces [unless you plan to refinish or repaint them]. This product may not be able to remove mildew embedded in hard water deposits, old grout or silicone caulking. Avoid contact with aluminum, clothes fabric, carpet or paper surfaces as they will discolor.
