Pine -Sol® PRESTO

Convenient PINE-SOL Presto is especially made for those tough cleaning jobs when you want to clean, disinfect, and deodorize but don't need a whole bucketful of PINE-SOL cleaning power. No need to mix with water and rinse. Just squeeze bottle and apply this product to sponge, cloth, or directly to the surface to be cleaned.

DISINFECTS AND DEODORIZES AS IT CLEANS

Mark of Quality

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CLEANING: Cleans Washable Floors: One firm squeeze directly on floor will apply enough product to do a 5 ft. by 5 ft. area. Use damp mop to clean; rinse mop when it becomes dirty. This product is safe and effective on no-wax floors.

Cleans Kitchen and Bathroom Surfaces: For kitchen walls, cabinets, stove, and other appliances and for bathroom tub, tiles and basin, just apply this product to damp cloth or sponge and wipe clean.

Cleans Toilet Bowls: Squirt liberally (about 3 ounces) on sides and under rim; swab all surfaces and flush.

DEODORIZING: When used as directed, this product leaves a fresh, clean scent.

DISINFECTING: Kills Bathroom and Kitchen Germs: For floors, walls, and nonporous surfaces around the home, apply this product with sponge, cloth, or mop. Wet all surfaces thoroughly, let stand ten minutes, then remove excess. For highly soiled areas, clean excess dirt first and then follow directions for disinfecting.

Prevents Mold and Mildew: To maintain control on grout and porous surfaces, apply liberally to affected areas and wipe off excess. Repeat application every seven days or as necessary to prevent reappearance.

IMPORTANT: For best results, this product should be used directly from the bottle on surfaces to be cleaned. Do not use on carpets and upholstery.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. **If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL:

Do not reuse empty container. Offer empty container for recycling. If recycling is not available, discard container in trash.
