P.O. Box 493
Pleasanton, CA 94566-0803

Subject: Pine-Sol Spray 19054
EPA Registration No. 5813-40
Application Date: November 19, 2002
EPA Received Date: November 21, 2002

Dear Ms. Lawson:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below.

Proposed Amendment

- Update First Aid Statements, Storage and Disposal, and Precautionary text

Conditions

Revise the label as follows:

1. Revise the "If Swallowed" section of the First Aid Statements to read:

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

2. Separate the statement beginning "Have the product container or label..." from the "If Swallowed" section to distinguish it as a separate statement at the beginning or end of the First Aid Statements.

3. Revise the First Aid Statements by including the statement "Call a poison control center or doctor for treatment advice." for the eyes, dermal, and inhalation routes of exposure. Place the statement at the beginning, end, or following each route of exposure within the First Aid Statements.

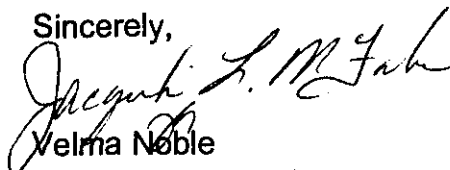

SYMBOL	7510	of exposure within the First Aid Statements.					
URNAME	PS&RC						
DATE	2-12-03						

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit one(1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact me at 703-308-6233.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jacqueline L. McFarlane".

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Clean and Deodorize: [For push/pull trigger:] Rotate nozzle to ON position. Pull [blue] ring nozzle OUT for FOAM [(great for walls) -or- (for deeper cleaning)] or push -or- leave it IN for SPRAY [(for regular cleaning)]. [For rotating trigger:] Rotate nozzle to FOAM [(for deeper cleaning)] or to SPRAY [(for regular cleaning)]. Continuation for either: Spray 6-8 inches from [the] surface[.] [and] Allow product to penetrate dirt and soap scum. Wipe with a wet sponge or cloth -and/or- rinse with water. No scrubbing required. For tougher jobs[and deeper cleaning] use FOAM option. Spray and let product stand on surface for several minutes before wiping [-and/or- rinsing]. For best results, use regularly to prevent soap scum build-up.

To Disinfect: Thoroughly clean the surface to be disinfected by following the above directions (remove excess dirt first in heavily soiled areas); re-apply, spraying entire surface until completely wet. Let stand 10 minutes before wiping.

TO INHIBIT mold and mildew growth on hard nonporous surfaces in bathrooms on bathtub, tile, and shower areas, spray surface thoroughly, let stand 10 minutes before wiping. Re-apply as new growth appears.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Harmful if absorbed through skin. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Wear safety glasses or goggles. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Have person sip a glass of water if able to swallow. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment advice.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or mix with bleach-containing products. To do so will release hazardous gases.

STORAGE AND DISPOSAL:

For Containers 1 Gallon or Less:

Keep container closed. Store in the original container in an area inaccessible to children and pets.

Offer empty container for recycling. If recycling is not available, discard container in trash.

For Containers Greater Than 1 Gallon:

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store this product in a tightly closed container in a secure area inaccessible to children and away from food or feed.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

[This package -or- bottle is made from [a minimum of] ____% [post-consumer] recycled plastic -or- resin -or- material [minimum].]

Includes detergents and cleaners
Contains no phosphorus [compounds]
Not harmful to septic systems
-or- tanks
