ATTENTION: Therese A. Adkins

SUBJECT: EPA Registration No. 5813-55
Clorox RTU-C
Your Submission Dated November 14, 1997
EPA Received Date of November 20, 1997

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, will be acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended label.

1. In the Storage and Disposal section of the label, delete "For institutional use only". Since you specify this label for general household use, it is not necessary to have any reference an to institutional use. The statement must read:

"Store only in tightly closed, original container in a secure area inaccessible to children and away from food or feed."

2. Delete the following non-disinfectancy-related bullets/bursts/sentences:

- a. "Powerful commercial solutions"
- b. "Leaves no residue"
- c. "Economical"

3. You must place the ingredients statement on the front panel of the label. At this time, the Agency does not see a space constraint regarding your ability to accommodate the ingredients statement on the front panel of the label.

4. The Agency acknowledges the change in the basic name of the product to Clorox
