Disinfecting Spray
III

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

The Clorox Corporation
P.O. Box 493
C/O PS&RC
Pleasanton CA 94566-0803

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c) (7) (A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c) (5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Revise the EPA Registration Number to read, "EPA Reg. No. "5813-59"
3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the label is enclosed for your records.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

If you have any questions concerning this letter, please contact Ibrahim Barsoum at (703) 308-0766

With all the news about germs and bacteria, just looking clean isn't good enough. This product kills household germs throughout the entire house plus prevents mold and mildew growth. This advanced formulation doesn't just mask odors, it eliminates them at their source, leaving behind a light fresh scent.

For use on hard non-porous surfaces in home, offices, institutions, hospitals and food processing plants. Use on diaper changing tables, toys, closets, damp storage areas, plastic shower curtains, counter tops, chairs, desks, work benches, filing cabinets, wastebaskets, bathroom and locker room facilities. Use in patient rooms, emergency rooms, operating rooms and recovery rooms. Effective on dressing carts, laundry chutes and patient care items.

For your entire household. For use on hard, non-porous surfaces in homes. **Kitchens:** sinks, drain boards, cabinets, counter tops, stoves, microwaves, refrigerators, garbage cans and under sinks; **Bathrooms:** basins, tubs, showers, toilets, toilet seats, hampers, tiled walls and trash cans; **General Use:** telephones, pet areas, diaper pails, chairs, desks and filing cabinets, doorknobs, [faucet] handles.

Powerful formula eliminates odors at their source. Does not just mask odors. Kills household germs such as "Staph" and "Strep" as well as athlete's foot fungus on environmental surfaces. Inhibits mold and mildew growth on hard, non-porous surfaces.

This product can be used as a herpeticidal toilet spray. When used as directed, this formula kills Herpes Simplex Type 2 on hard inanimate surfaces and toilet seats.

Advanced formula disinfects against all of the following organisms on most environmental surfaces [kills household germs and bacteria such as]: Staphylococcus aureus (Staph), Streptococcus pyogenes (Strep), Salmonella choleraesuis (Salmonella), Shigella dysenteriae, Mycobacterium smegmatis, Escherichia coli (E. coli), Pseudomonas aeruginosa, Salmonella typhimurium, Trichophyton mentagrophytes (Athlete's foot fungus), Aspergillus niger, Mycobacterium tuberculosis, *Influenza A2 virus, Salmonella schottmuelleri, Penicilium glaucum, *Herpes Simplex Type 2. This formula is also tuberculocidal.
