J. Evelyn Lawson  
Federal Registration Specialist  
The Clorox Company  
c/o PS&RC; P.O. Box 493  
Pleasanton, CA 94566-0803

Subject: Label Amendment – Edits made to Precautionary Language  
Product Name: HOCKEY PUCK I  
EPA Registration Number: 5813-65  
Application Date: December 22<sup>nd</sup>, 2016  
Decision Number: 525169

Dear Ms. Lawson:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Page 2 of 2  
EPA Reg. No. 5813-65  
Decision No. 525169

with FIFRA section 6. If you have any questions, please contact Melanie Bolden by phone at (703) 347-0165, or via email at [Bolden.Melanie@epa.gov](mailto:Bolden.Melanie@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "DF", with a long horizontal line extending to the right.

Demson Fuller, Product Manager 32  
Regulatory Management Branch II  
Antimicrobials Division (7510P)  
Office of Pesticide Programs

Enclosure

**ACCEPTED**

03/10/17

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 5813-65

## DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### To Sanitize, Clean, and Deodorize:

For best results, clean toilet bowl thoroughly, including under the rim.

1. Cut open package. Do not touch tablet directly.
2. Flush toilet. When water level in tank is low, drop tablet into the right rear corner of the tank (see diagram).
3. When tablet has dissolved, replace with this product -or- a new tablet.

Each tablet sanitizes the toilet bowl water in 5 minutes for up to 8 weeks -or- 2 months. -or- Sanitizes toilet bowl water by killing 99.9% of [household] bacteria within 5 minutes after each flush. [Each tablet] cleans and deodorizes for up to 12 weeks -or- 3 months. Effective for up to 10 flushes per day.

Tablet should be used in [recommended for] toilets that are flushed daily -or- regularly -or- frequently.

**IMPORTANT:** Retain tablet pouch for precautions and first aid instructions.

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

**DANGER:** Highly corrosive. May be fatal if swallowed.

**DO NOT TAKE INTERNALLY.** Causes eye and skin damage. Irritating to nose and throat. Avoid breathing dust. Do not get into eyes, on skin or clothing. Wear rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

### FIRST AID:

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Clorox Information Line: 1-800-227-1860

**Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.

### PHYSICAL AND CHEMICAL HAZARDS:

**STRONG OXIDIZING AGENT.** Keep away from heat or flame. Mix only with water.

### STORAGE AND DISPOSAL:

Store in original container in areas inaccessible to small children in a cool, dry well-ventilated area. Do not store at elevated temperatures. Offer empty container for recycling. If recycling is not available, discard empty container in trash.

[Does not harm septic tanks -or- septic systems.]

ENVIRONMENTAL COMMITMENT:  
BOX MADE FROM 100% RECYCLED  
PAPERBOARD (MINIMUM 35% POST-CONSUMER).
