Make the labeling changes listed below before you release the product for shipment: <ol style="list-style-type: none"> a. Revise the EPA Registration Number to read "EPA Reg. No. 5813-75" b. Delete the word "biodegradable." 		
Signature of Approving Official:  Adam Heyward Product Manager 34 Regulatory Management Branch II Antimicrobials Division (7510C)	Date: July 19, 2002.	

2/12

- c. Ambiguous and generic claims of efficacy such as kill germs and bacteria are not acceptable. You must specify the germs and bacteria by the use of asterisks by the nomenclature name of the microorganism.
- d. The term **“NEW”** can only appear on the label for six (6) months.
- e. Delete the statement “Effective sanitizing has never been faster or easier” from the sanitization claims.
- f. Delete the word “*America’s*” from the sanitization claims.

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the above revisions.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Adam Heyward
Product Manager (34)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

When changing cleaners, drain [or remove] the old cleaner from hose [or tube] before installing new bottle [or cleaner.]

DO NOT REFILL BOTTLE OR MIX [OR DILUTE] CLOROX® TRAPEZE WITH ANY OTHER CLEANING SOLUTION.

To clean:

Pull trigger to dispense liquid. While mopping, spread liquid uniformly over floor with pad.

To sanitize [and/or deodorize] [and/or kill germs -or- bacteria]:

Pull trigger to dispense liquid. While mopping, spread liquid uniformly over floor with pad. Treated surface must remain visibly wet for 30 seconds before air drying. [For wood floors, use the specially designed Clorox™ ReadyMop™ Absorbent cleaning pads to dry floor thoroughly after 30 seconds.]

[Note:

For best results, vacuum or sweep up large crumbs and dust before using the Clorox™ ReadyMop™ Mopping System. For stubborn stains and tougher jobs, apply more Floor Cleaner to your floor surface.]

Note:

Not recommended for use on visibly worn, unsealed, unfinished, waxed or oiled wood floors. If uncertain about your wood floor's finish, test an inconspicuous area prior to use. When using on wood floors, avoid letting cleaner puddle in an area and avoid prolonged contact of the cleaner on the floor surface. [Use the specially designed Clorox™ ReadyMop™ Absorbent Cleaning Pads to dry [wood] floors thoroughly.]

Sanitizing Clorox® TRAPEZE is a specially designed, no mixing, no rinsing solution for use with the Clorox® Mopping System. Use of any other cleaning solution in the Clorox® Mopping System may cause clogging or other damage [to the mopping system] and may void your warranty. Mixing any other cleaning solution with Clorox® TRAPEZE may not result in 99.9% bacteria kill -or- may reduce product efficacy.

[No bucket, no water, no mess. By the time you are done, the floor is practically dry.]

The Clorox™ ReadyMop™ Mopping System is light, compact and easy to store. Leave the Advanced Floor Cleaner in the ReadyMop™ for the next time you clean. Store out of reach of children. Just replace the Absorbent Cleaning Pad and you are ready to go.

AVOID ACCIDENTS: Floors may be slippery when wet.

Easy to use. -or- USING THE CLOROX™ READYMOP™ IS EASY! (Refer to brochure -or- back for complete directions for use.)

- *EPA Registration number*
- *EPA Est. Number for the final packer*
- *The Company name and address: Mfd. for -or- Mfd. by -or- Distr. by Clorox*

It's all together!

The revolutionary Clorox™ ReadyMop™ Mopping System brings together everything you need to clean your floors. The trigger on this specially designed mop lets you control exactly how much cleaner you want to use, and the swivel head gives you the maneuverability to reach all of those hard to clean or reach places.

The ready-to-use Advanced Floor Cleaner is formulated to quickly dissolve dirt and grease. Because the cleaner is on board, you don't have to fill a bucket with water or mix your own solution. No rinsing is required. Each bottle of cleaner should last about 2 to 3 months under normal use.

The specially designed Absorbent Cleaning Pad uses capillary action to take the dirty liquid away from your floor and trap it so you can throw the entire mess away when you are done. Avoid the drudgery of wringing out a soaked, dirty mop!

Starter Kit Includes:**1 ReadyMop™ Mop**

- Trigger action: allows you to control where the cleaner goes and how much you use
- Swivel head: lets you reach places other mops can't
- Light weight
- Ready to go
- Easy to store

1 24 oz bottle of Advanced Floor Cleaner

- Ready to use: no need to add water
- No rinsing required
- Dissolves dirt and grease quickly
- Fresh scent
- Great for tile, vinyl, linoleum, marble, laminate [(i.e., Pergo® flooring, Wilsonart® flooring)], sealed and finished wood floors
- Safe for use on colored surfaces
- Each bottle lasts about 2 to 3 months under normal use
- Safe for wood
- Contains no bleach

8 Absorbent Cleaning Pads

- Disposable: start with a fresh clean pad every time
- Absorbs and traps dirt and grease
- Great for tile, vinyl, linoleum, marble, laminate [(i.e., Pergo® flooring, Wilsonart® flooring)], sealed and finished wood floors

-or-

Starter Kit Includes:

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

WHEN CHANGING CLEANERS, DRAIN [OR REMOVE] THE OLD CLEANER FROM HOSE [OR TUBE] BEFORE INSTALLING NEW BOTTLE [OR CLEANER.]

DO NOT REFILL BOTTLE OR MIX [OR DILUTE] CLOROX® TRAPEZE WITH ANY OTHER CLEANING SOLUTION.

To clean:

Pull trigger to dispense liquid. While mopping, spread liquid uniformly over floor with pad.

To sanitize [and/or deodorize] [and/or kill germs -or- bacteria]:

Pull trigger to dispense liquid. While mopping, spread liquid uniformly over floor with pad. Treated surface must remain visibly wet for 30 seconds before air drying. [For wood floors, use the specially designed Clorox™ ReadyMop™ Absorbent cleaning pads to dry floor thoroughly after 30 seconds.]

[Note:

For best results, vacuum or sweep up large crumbs and dust before using the Clorox™ ReadyMop™ Mopping System. For stubborn stains and tougher jobs, apply more Floor Cleaner to your floor surface.]

Note:

Not recommended for use on visibly worn, unsealed, unfinished, waxed or oiled wood floors. If uncertain about your wood floor's finish, test an inconspicuous area prior to use. When using on wood floors, avoid letting cleaner puddle in an area and avoid prolonged contact of the cleaner on the floor surface. [Use the specially designed Clorox™ ReadyMop™ Absorbent Cleaning Pads to dry [wood] floors thoroughly.]

Sanitizing Clorox® TRAPEZE is a specially designed, no mixing, no rinsing solution for use with the Clorox® Mopping System. Use of any other cleaning solution in the Clorox® Mopping System may cause clogging or other damage [to the mopping system] and may void your warranty. Mixing any other cleaning solution with Clorox® TRAPEZE may not result in 99.9% bacteria kill -or- may reduce product efficacy.

[No bucket, no water, no mess. By the time you are done, the floor is practically dry.]

The Clorox™ ReadyMop™ Mopping System is light, compact and easy to store. Leave the Advanced Floor Cleaner in the ReadyMop™ for the next time you clean. Store out of reach of children. Just replace the Absorbent Cleaning Pad and you are ready to go.

AVOID ACCIDENTS: Floors may be slippery when wet.

Informational Brochure for CLOROX® TRAPEZE Mopping System

Cover Page

EASY ASSEMBLY -OR- SET-UP

Thank you for purchasing the Clorox™ ReadyMop™ Mopping System. Please take a few minutes to review this brochure before using this product for the first time. Keep this brochure handy for future reference on replacing the Absorbent Cleaning Pads and Advanced Floor Cleaner.

- Always use ReadyMop™ brand products in the Clorox™ ReadyMop™ Mopping System. Use of any other product may cause clogging or other damage to the Mopping System and may void your warranty.
- For best results, start with a fresh new Clorox™ ReadyMop™ Absorbent Cleaning Pad before each cleaning.

ATTENTION: While removing or attaching nozzle, hold mop pole securely to prevent it from falling. If pole falls, fingers may be pinched in opening on mop head.

ASSEMBLING THE MOP

1. **ATTACH BOTTLE HOLDER [TO MOP HEAD]**
Push the bottle holder down onto the mop head until it clicks in place.
 2. **ATTACH MIDDLE POLE SEGMENT**
Twist either end of the middle pole segment into the bottle holder, turning it clockwise until the pole locks in place.
- or-
- Twist pole segments together tightly.
3. **ATTACH HANDLE**
Twist the handle section onto the rest of the mop and turn it clockwise until the handle locks in place.]

ATTACHING THE FLOOR CLEANER BOTTLE

4. **ATTACH BOTTLE CONNECTOR [TO BOTTLE]**
Remove the cap from the new bottle; then tightly screw the bottle connector to the bottle.
5. **THREAD NOZZLE**
Pass the nozzle through the opening on the mop head.
6. **ATTACH NOZZLE**
Slide the nozzle onto the front of the mop head.
7. **INSERT [CLEANER -OR- SANITIZER] BOTTLE**
Insert the bottle upside down into the bottle holder with the front label facing out. Push down until the bottle clicks in place.

To remove the cleaner bottle, pull the bottle straight up; then remove the nozzle from the mop head and unscrew the bottle connector from the bottle. Be sure to save the bottle connector for use with your next bottle of Clorox™ ReadyMop™ Floor Cleaner.

ATTACHING THE ABSORBENT CLEANING PAD

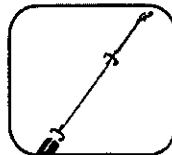

8. **SET MOP ON PAD**
Place the pad on the floor (printed side facing up); then place the mop head on the center of the pad as shown.
9. **ATTACH PAD**
Push the pad into each of the four grippers.

To remove the dirty pad, pull up on the pad corners and discard in the trash. Do not dispose of pads in the toilet. Replace the pad by repeating the instructions above.

EASY ASSEMBLY -OR- SETUP: (Refer to brochure -or- back for complete directions for use.)

Removing the Cleaner Bottle

ATTENTION: While removing or attaching nozzle, hold mop pole securely to prevent it from falling. If pole falls, fingers may be pinched in opening on mop head.

1. Remove bottle by pulling straight up.

2. Slide nozzle off mop head; pass nozzle back through opening on mop head.

3. Unscrew bottle connector from old bottle.

Note: Nozzle and connector may drip a little, but cleaner will not harm colored surfaces or fabrics.

Attaching the Cleaner Bottle

1. Remove cap from new bottle; then tightly screw bottle connector to bottle.

2. Thread nozzle through opening on mop head; slide nozzle into place.

3. Insert bottle upside down into bottle holder with Clorox TRAPEZE Floor Cleaner label facing out; push down until bottle clicks in place.

FREQUENTLY ASKED QUESTIONS

Q. What do I do if little or no cleaner comes out when I pull the trigger?

A. When you first attach a new bottle of Floor Cleaner to the mop, you may have to pull the trigger several times to begin the flow of cleaner through the nozzle. If the problem persists, check to make sure that all of the pieces of the mop are tightly assembled and that the cleaner bottle is clicked into place in the bottle holder. Also, make sure that the nozzle has been properly threaded through the opening in the mop head and is clicked securely in place on the front of the mop head. Finally, check to see if the pad is blocking the nozzle, and make sure that the cleaner bottle is not empty.

Q. What should I do if my mop leaks?

A. Check to see that the bottle connector is screwed on tightly to the bottle. Also make sure that the pad is not blocking the nozzle and that the nozzle is clicked securely in place on the front of the mop head.

Q. How much cleaner should I use? How long will one bottle of cleaner last?

A. One of the special features of the Clorox™ ReadyMop™ Mopping System is that the trigger allows you to control the amount of cleaner you use on your floors. For tough stains, use more cleaner and allow it to sit on the stain for a few seconds before mopping. Under normal usage conditions, each 24 oz. bottle of Floor Cleaner should last between 2 to 3 months.

Q. Does the Advanced Floor Cleaner contain bleach?

A. The Advanced Floor Cleaner does not contain bleach and is safe for colored surfaces.

Q. Can I use other cleaners in my ReadyMop™ Mopping System?

A. No. ReadyMop™ Floor Cleaners are special, no mixing, no rinsing solutions for use with the Clorox™ ReadyMop™ Mopping System. Use of any other cleaning solution may cause clogging or other damage to the Mopping System and may void your warranty.

Q. On what surfaces can I safely use my ReadyMop™ Mopping System?

A. The Clorox™ ReadyMop™ Mopping System is designed for use on tile, vinyl, linoleum, marble, laminate [(i.e., Pergo® flooring, Wilsonart® flooring)], sealed and finished wood floors. If you are unsure about whether or not to use the ReadyMop™ on a particular surface, test it on a small inconspicuous area before cleaning your entire floor.

Q. How often should I change the Absorbent Cleaning Pads?

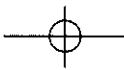

A. For best results, we recommend that you start with a fresh, new Absorbent Cleaning Pad before each cleaning.

Q. How do I store my ReadyMop™ Mopping System? Can I leave a full bottle of Advanced Floor Cleaner in the mop?

A. You may store the mop with the Advanced Floor Cleaner attached so you are always ready to go. The small hole on the top of the handle is designed for hanging the ReadyMop™ Mopping System. Store out of reach of children.

LIMITED ONE-YEAR WARRANTY

The Clorox Company (Warrantor) warrants your Clorox™ ReadyMop™ Mopping System for one year from the date of purchase against all defects in materials and craftsmanship when used in compliance with the Instructions For Use. If for any reason the ReadyMop™ proves to be defective within one year from the date of purchase, call Clorox Consumer Services at 1-877-276-6725 and we will, at our discretion, replace the defective part or the entire product free of charge. Because the ReadyMop™ has not been tested with cleaners other than those designed specially for the ReadyMop™, the Warrantor assumes no liability for damages resulting from the use of non-ReadyMop™ cleaning

solutions. This warranty gives you specific legal rights and you may also have other legal rights that vary from state to state. The Warrantor assumes no responsibility for incidental or consequential damages, or for damages arising out of misuse of the product or the use of any unauthorized attachments or cleaning solutions. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Should service be required during or after the warranty period or should you have any questions regarding how to use your ReadyMop™ Mopping System, please call Clorox Consumer Services at 1-877-276-6725.

IMPORTANT INFORMATION

Note: Nozzle and connector may drip a little, but cleaner will not harm colored surfaces or fabrics.

Note: If you are unsure about whether or not to use the ReadyMop™ on a particular surface, test it on a small, inconspicuous area before cleaning your entire floor.

- Not recommended for use on visibly worn, unsealed, unfinished, waxed or oiled wood floors
- When using on wood floors, avoid letting cleaner puddle in an area and avoid prolonged contact of the cleaner on the floor surface
- Use the specially-designed Clorox™ ReadyMop™ Absorbent Cleaning Pads to dry wood floors thoroughly
