

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue, NW
Washington, D.C. 20460

EPA Reg. Number:

5813-80

Date of Issuance

NOV 17 2003

Term of Issuance:

Conditional

Name of Pesticide Product:

Clorox Patch

NOTICE OF PESTICIDE:

Reregistration
 Registration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

The Clorox Company
c/o PS&RC
P.O. Box 493
Pleasanton, CA 94566-0803

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 5813-80."
 - b. The proposed label claims are not acceptable regarding the use of the product, Clorox Patch, as a fungistat against *Trichophyton mentagrophytes* for a contact time of 10 minutes at full strength. Therefore, all mentions of this microorganism have been removed from the proposed label.
 - c. There do not appear to be any "Fungicide or Fungicidal" claims on your label. Therefore, the terms "Fungicide/Fungicidal" have been removed from the label.

Signature of Approving Official:

Date:

NOV 17 2003

EPA Reg. No. 5813-80

- d. The proposed label claims are not acceptable regarding the use of the product, Clorox Patch, as a fungistat against *Aspergillus niger* for a contact time of 10 minutes at full strength. The testing does not appear to have been conducted in the presence of an organic soil load. All references to *Aspergillus niger* must be deleted or data provided to demonstrate the product's effectiveness against this microorganism in the presence of an organic soil load.
- e. The proposed label indicates that the product, Clorox Patch is effective against Influenza A2. The label must be revised to included the genus and species, with appropriate ATCC designation.
- f. The Agency has received information regarding one of your intentionally added inerts. This registration is conditionally acceptable based on acceptance of the ingredient being evaluated.

Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

A handwritten signature in black ink, appearing to be 'J. R. ...', is located at the bottom right of the page.

BACK PANEL**DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Avoid breathing spray mist and use only in well-ventilated areas.
Always stand on a non-slip surface when in the shower or [bath]tub.

To Clean and Deodorize:

1. Rotate nozzle to SPRAY or FOAM position.
2. Spray 6 to 8 inches from surface to be cleaned. Coat surface evenly and allow product to penetrate dirt and soap scum. As the formula breaks down bathroom ~~-or-~~ restroom grime, the Teflon* Surface Protector helps prevent new grime from sticking.
3. Wipe with a wet sponge or cloth, or rinse with water.
4. For best results, repeat regularly to maintain Teflon* Surface Protector.

To Disinfect: Thoroughly clean the surface to be disinfected by following the above directions [remove excess dirt first in heavily soiled areas]; reapply, spraying entire surface until completely wet. Let stand 10 minutes before wiping.

To Sanitize: Thoroughly clean the surface to be sanitized by following the above directions [remove excess dirt first in heavily soiled areas]; reapply, spraying entire surface until completely wet. Let stand 30 seconds before wiping.

To inhibit mold and mildew growth on hard, nonporous surfaces: Spray surface thoroughly, let stand 10 minutes before wiping. Reapply as necessary for ongoing ~~-or-~~ continual control.

FRONT OR BACK PANEL**Cleaning, Deodorizing, Stain Removal, Prevention Claims:**

- An invisible [armor] shield for [the] [your] bathroom ~~-or-~~ restroom
- Best on soap scum
- [Citrus] [Fresh] [Lemon] [Meadow Fresh] [Rain Clean] [Spring Mist] scent
