Tony Herber  
Agent for  
The Clorox Company  
c/o PS&RC  
Electronic Transmittal: [therber@sriconsultants.com](mailto:therber@sriconsultants.com)

Subject: PRIA Label Amendment – Add Disinfection and Nonfood Contact Surface Sanitization Efficacy Claims Against New Viral and Bacterial Organisms, Addition of Emerging Viral Pathogen (EVP) Claims to Product.

Product Name: TUCK 3  
EPA Registration Number: 5813-101  
Received Date: December 10, 2021  
Action Case Number: 00337336

Dear Tony Herber:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the

Page 2 of 2  
EPA Reg. No. 5813-101  
Action Case No. 00337336

EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jack Hall by phone at (202)566-0731, or via email at [hall.john.j@epa.gov](mailto:hall.john.j@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "D. Fuller", with a long horizontal stroke extending to the right.

Demson Fuller, Product Manager 32  
Regulatory Management Branch I  
Antimicrobials Division (7510P)  
Office of Pesticide Programs

Enclosure

Tuck 3, EPA Reg. No. 5813-101

R0828163

10:30 5/3/22

**ACCEPTED**

06/09/2022

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 5813-101

**Formatting notes** (applicable for all claims)

**Now[!]** -and/or- **New[ly][!]** -and/or- **Improved[!]** may be added anywhere to a claim and will only be used for the first 6 months of product on shelf.

**Bold, italicized** text is information for the reader and is not part of the label.

Optional text may be placed anywhere on the label -and/or- container.

Bracketed information is optional text.

All footnotes are on the last page, unless they are part of EPA's mandated text.

The word "and" may be substituted with "&". Plural words may be used in their singular form or singular words may be used in their plural form unless otherwise specified in 40 CFR.

All directions may be written in numbered form or in paragraph form.

All use sites and/or use surfaces on the label may be listed in conjunction with an image of the use site and/or use surface.

Highlighted text is new. Strike-through text means removed.

## DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

**TO CLEAN [/REMOVE ALLERGENS<sup>7</sup>/DEODORIZE -OR- /REMOVE ALLERGENS<sup>7</sup> AND DEODORIZE]:**

-or-

**GENERAL CLEANING [/ALLERGEN<sup>7</sup> REMOVAL/DEODORIZING -OR-/ALLERGEN<sup>7</sup> REMOVAL AND DEODORIZING]:**

-or-

**GENERAL CLEANING [/ALLERGEN<sup>7</sup> REMOVAL/DEODORIZING -OR- /ALLERGEN<sup>7</sup> REMOVAL AND DEODORIZING] AND [WOOD<sup>2</sup>] FLOORS:**

-or-

**GENERAL CLEANING [/ALLERGEN<sup>7</sup> REMOVAL/DEODORIZING -OR- REMOVE ALLERGENS<sup>7</sup> AND DEODORIZING], [WOOD<sup>2</sup>] FLOORS AND SIMILAR SURFACES: *Deodorize -or- Deodorizing is to be used in the cleaning header for the state registration label -and/or- production label if a deodorizing claim is made.* Use -or- Mix -or- Dilute 1/4 cup per gal[lon] of water. Mop, wipe, or spray with [this product -or- *insert product name*] [cleaning] solution. For tough jobs, use full strength and rinse immediately. [To ensure [this product -or- *insert product name*] [cleaning -and/or- solution] stability, prepare solutions daily.]**

**Toilet Bowls -and/or- Urinals:** Pour 1/2 cup into bowl and brush thoroughly, including under the rim.

**Laundry:** Rub in full strength on grease spots, [collar and cuff stains,] -and/or- heavily soiled areas before washing. For extra cleaning [and deodorizing] power, add 1/2 cup to load [along with regular detergent]. Use only on white or colorfast fabrics.

---

**TO DISINFECT -or- GENERAL DISINFECTING:** Apply [This product -or- *insert product name*] full strength on hard, nonporous surfaces with a clean sponge -and/or- cloth -and/or- spray. Allow surface to remain visibly wet for 10 min[utes], [then rinse]. For visibly soiled surfaces, preclean surfaces before disinfecting. ***Must remove brackets around the following Rinsing statement when “, then rinse” is not included in preceding text*** [Rinsing [after use] is required for surfaces that may come in contact with food [and rubber or asphalt tile].]

---

**TO SANITIZE -or- GENERAL SANITIZING:** [Use [this product -or- *insert product name*] full strength] -or- Use -or- Mix -or- Dilute 1 cup [of this product or *insert product name*] per 2 cups of water -or- 8 cups [this product -or- *insert product name*] per gallon of water. Apply sanitizing solution on hard, nonporous, non-food contact surfaces with a clean sponge -and/or- cloth -and/or- spray. Allow surface to remain visibly wet for 5 min[utes][, then rinse]. ***Must remove brackets around the following Rinsing statement when “, then rinse” is not included in preceding text*** [Rinsing [after use] is required for surfaces that may come in contact with rubber or asphalt tile.] For visibly soiled surfaces, preclean surfaces before sanitizing. To ensure [this product -or- *insert product name*] [sanitizing -and/or- solution] stability, prepare solutions daily.

-or-

1. [Use [this product -or- *insert product name*] full strength] -or- Use -or- Mix -or- Dilute 1 cup this product -or- *insert product name*] per 2 cups of water.
2. Apply sanitizing solution on hard, nonporous, non-food contact surfaces with a clean sponge or cloth or spray. Wet surface.
3. Allow surface to remain visibly wet for 5 min[utes][, then rinse]. For visibly soiled surfaces, preclean surfaces before sanitizing. ***Must remove brackets around the following Rinsing statement when “, then rinse” is not included in preceding text*** [Rinsing [after use] is required for surfaces that may come in contact with food [and rubber or asphalt tile].] To ensure [this product -or- *insert product name*] [sanitizing -and/or- solution] stability, prepare solutions daily.

---

**TO PREVENT -or- INHIBIT -or- REDUCE -or- STOP ODOR-CAUSING BACTERIA [RE-]GROWTH FOR UP TO -OR- AS LONG AS 48 HOURS:**

-or-

**[FOR] PREVENTING -or- INHIBITING -OR- REDUCING -OR- STOPPING ODOR-CAUSING BACTERIA [RE-]GROWTH FOR UP TO -OR- AS LONG AS 48 HOURS:**

Apply [this product -or- *insert product name*] full strength on hard, nonporous, non-food contact surfaces with a clean sponge or cloth or spray until thoroughly wet. Allow surface to [air] dry. For visibly soiled surfaces, precleaning is required.

---

For painted surfaces, test a small area first. ***To be used if wood claims are on label:*** Do not use on marble, aluminum, copper or wood<sup>2</sup> that is unfinished, unsealed, unpainted, waxed, oiled or worn.

[Use diluted [this product -or- *insert product name*] solutions as soon as possible. Do not store.]

***Residential/Household uses***

**STORAGE AND DISPOSAL:** Store in a cool dry area. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available, or place in trash collection.

***Professional/Institutional uses***

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage and disposal. Store in a cool dry area. **CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. [Triple rinse container (or equivalent) promptly after emptying.] Offer for recycling if available, or place in trash collection.

### **Emerging Viral Pathogen Claims**

This product qualifies for emerging viral pathogen claims per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions for use indicated below.

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category:

<i>For an emerging viral pathogen that is an:</i>	<i>... following the directions for use for the following organisms on the label:</i>
Enveloped virus	Rotavirus Adenovirus type 2

***This product*** has demonstrated effectiveness against viruses similar to ***insert name of emerging virus*** on hard, nonporous surfaces. Therefore, ***this product*** can be used against ***insert name of emerging virus*** when used in accordance with the directions for use against ***insert name of supporting virus(es)*** on hard, nonporous surfaces. Refer to the CDC -or- OIE website at ***insert pathogen-specific website address*** for additional information.

***Insert name of illness/outbreak*** is caused by ***insert name of emerging virus***. ***This product*** kills similar viruses and therefore can be used against ***insert name of emerging virus*** when used in accordance with the directions for use against ***insert name of supporting virus(es)*** on hard, nonporous surfaces. Refer to the CDC -or- OIE website at ***insert pathogen-specific website address*** for additional information.
