INSTRUCTIONS

Best results can be obtained if applied when the lawn is damp and temperature is warm in spring, early summer or fall. Do not apply when conditions are hot, dry or when temperatures are cold. Wait at least three days after mowing before applying. Two or three applications are recommended with at least 60 days between applications.

Not recommended for use on Carpetgrass, Bentgrass, Dichondra, Centipede grass, St. Augustine grass or lawns where clover is present or desired, or on new lawns. Apply in a calm day, avoid drifts to or contact with vegetables, flowers or shrubs. Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean all equipment after each use. Do not store near other fertilizer, seed, insecticides or fungicides. Spread evenly and avoid lapping.

CAUTION: Keep out of reach of children.
 Avoid contact with skin, eyes and clothes.
 Do not take internally.
 Avoid breathing dust.

Do not reuse empty container. Destroy it by burning or by waste disposal. Stay away from smoke or fumes.
