

## EASTERDAY SK-"45"

EASTERDAY SK-"45" is a disinfectant, cleaner, sanitizer, and fungicide compounded for institutional use such as hospitals, nursing homes, schools and industrial plants where housekeeping could be of prime importance in controlling the hazards of cross-infection. Hard surface sanitization can help in this control and EASTERDAY SK-"45" can provide the assurance needed in this area, when used as directed. EASTERDAY SK-"45" can be used on surface not harmed by water when diluted according to directions.

### WARNING:

KEEP OUT OF REACH OF CHILDREN. Causes eye and skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

### FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, do not induce vomiting. Drink milk, egg whites, gelatin solution or if those are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

CONCENTRATED  
DISINFECTANT - CLEANER  
FUNGICIDE - DEODORIZER

DESIGNED FOR HOSPITAL AND INSTITUTIONAL USE

### Active Ingredients:

Alkyl (60% C <sub>14</sub> , 30% C <sub>16</sub> , 5% C <sub>12</sub> , 5% C <sub>18</sub> ), dimethyl benzyl ammonium chlorides . . . . .	2.25%
Alkyl (68% C <sub>12</sub> , 32% C <sub>14</sub> ) dimethyl ethylbenzyl ammonium chlorides . . . . .	2.25%
Sodium carbonate . . . . .	3.00%
Essential Oils . . . . .	2.00%

Inert Ingredients . . . . .	90.50%
<b>Total</b> . . . . .	<b>100.00%</b>

## WARNING

KEEP OUT OF REACH OF CHILDREN

See left side panel for additional precautions.

USDA REG. NO. 5849-7  
NET CONTENTS

## DIRECTIONS

Use at 2 ounces per gallon. EASTERDAY SK-"45" will be effective against Pseudomonas aeruginosa PRD-10 at this level. This has been substantiated by the AOAC Use Dilution Confirmation Test. If used to sanitize equipment or other food contact items, limit the use dilution to ½ ounce per gallon equivalent to 200 ppm of quaternaries.

Before using EASTERDAY SK-"45" for disinfection a precleaning step is recommended for heavy soil or organic matter.

For best results, use EASTERDAY SK-"45" with a cloth or mop and apply to walls, floors, and other hard surfaces.

Rince empty container thoroughly with water and discard it.

### FUNGICIDAL PROPERTIES:

EASTERDAY SK-"45" at 2 oz/gal. will pass the AOAC fungicidal test against pathogenic fungi.

### PHENOL COEFFICIENTS:

S. aureus 42  
S. Typhosa 27

PRODUCT DATA SHEET:

EASTERDAY SK-"45" is an economical and powerful concentrated quaternary germicidal cleaner for institutional use. It is effective against most Gram positive and Gram negative bacteria.

EASTERDAY SK-"45" is excellent for cleaning and disinfecting floors and walls where a bactericidal cleaner would be of prime importance or required, such as clinics, isolation wards, nurseries, doctors offices, kitchens, locker rooms, restrooms, showers, food handling plants, restaurants, schools and others.

EASTERDAY SK-"45" is for use on any surfaces not harmed by water. Although the quaternaries have been accepted for use in sanitizing glasses and dishes in public establishments. SK-"45" is a concentrated cleaner and should not come in direct contact with food.

EASTERDAY SK-"45" is a cationic material (+charge) and must not be used with anionic material (-charge) such as anionic detergents and soaps since the two kinds are not compatible and will make Easterday SK-"45" ineffective as a disinfectant.

SPECIFICATIONS

COLOR	....	YELLOW
ACTIVE INGREDIENTS	.	7.5%
pH	....	10.9-11.1

USE DILUTION

For extra heavy soil or organic matter, a precleaning step is recommended before use.

General Disinfection	1½ fl oz/gal
Pseudomonas aeruginosa PRD-10	2 fl oz/gal
Food equipment or food contact items	½ fl oz/ gal
