WARNING: Harmful if swallowed. Contact with skin can cause toxic symptoms. Avoid breathing spray mist. In case of contact with skin, wash with soap and water. Avoid contamination of feed and foodstuffs.

When using on lawns for insect control, keep children and pets off treated areas, until chemical has been thoroughly watered into the soil and grass is completely dried.

ANTIDOTE

External—in case of spillage on skin wash promptly with soap and water. Internal—Emetic of 1 tablespoonful mustard in tumbler of water. Call a physician.

WARNING: This is a combustible mixture.

Food utensils such as teaspoons and tablespoons should not be used for food purposes after use with pesticides.

WARNING: This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. This product is highly toxic to pollinating bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Keep out of any body of water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

CONTAINER DISPOSAL: Do not re-use empty container. Rinse equipment and containers and dispose of wastes by burying in non-croplands away from water supplies. Containers should be disposed of by punching holes in them and burying with wastes or by burning. **KEEP OUT OF SMOKE.**
