PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Do not contaminate food or feed by storage, disposal or cleaning of equipment. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing and wash before reuse. Do not apply directly to food crops or to domestic animals. Keep pets and birds away from treated areas until dry. Do not apply directly to fish ponds. Do not contaminate fish ponds.

STATEMENTS OF PRACTICAL TREATMENT

If swallowed: Do not induce vomiting. Drink plenty of water.
If inhaled: Remove to fresh air.
If on skin: Wash thoroughly with soap and water.
If in eyes: Flush eyes thoroughly with water for 15 minutes.
See a physician if necessary.

PHYSICAL HAZARDS. Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

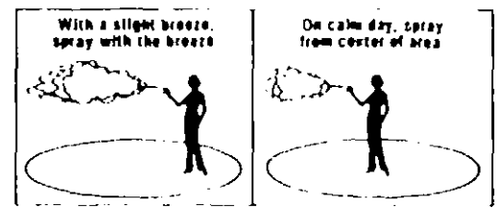
DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.
Disposal: Do not reuse empty container. Wrap container and put in trash collection.

The Outdoor Fogger is a remarkable product which is specially designed for use in yards, patios and picnic or camping sites. It is also effective against flying and nesting hornets, wasps and yellow jackets.

SHAKE BEFORE USING. POINT VALVE AWAY FROM FACE.
PRESS VALVE TO SPRAY.



FOR FLYING INSECTS (Flies, Mosquitoes, and Gnats): Spray fog over area. On calm days, stand in center of the area and spray in full circle allowing fog to cover area. With a slight breeze, spray with the breeze to your back allowing the breeze to carry fog into area you wish covered.

FOR ANTS: Spray infested surface of patio or picnic area hitting as many insects as possible. Spray legs of tables and chairs to repel ants. Spray ant hills and trails thoroughly for best control.

FOR WASPS, HORNETS AND YELLOW JACKETS: If insects are flying, apply as directed above for flying insects. For nests, spray from 8 to 10 feet away on a calm day. For best results, spray nests in the evening when the insects are at rest. Repeat application when necessary.

MONEY BACK GUARANTEE: Guaranteed to kill and repel the insects listed when used as directed or your money back.
