

ACCEPTED

FEB 10 1979

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 5887-114

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION**

Avoid contact with eyes, skin or clothing. In case of contact immediately flush eyes and skin with plenty of water. Get medical attention if irritation persists. Harmful if swallowed. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove cats, birds, and cover fish aquariums before spraying. Do not use on edible crops.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting. Never throw container into fire or incinerator.

**DIRECTIONS FOR USE**

**General Classification**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake well before each use. Remove protective cap. Aim spray opening away from person. Push button to spray.

**HOUSEHOLD PESTS**—Kills Houseflies, Mosquitoes and Gnats: Close all doors and windows. Point nozzle upward. Direct spray mist to all parts of the room, especially windows and other light sources which attract these insects. Fill the room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

**Kills Crawling Insects**: Roaches, earwigs, grain mites, sowbugs, silverfish, spiders and centipedes: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects where possible. Repeat as necessary.

**Ants**: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

**OUTDOORS—TO KILL FLYING INSECTS**: Spray areas infested with mosquitoes, gnats (midges), houseflies, deer flies, horse flies and biting midges (sandflies). Follow precautions listed above. Hold container 18 to 24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of from 1 to 3 seconds per cubic yard of space, while moving spray from the treated areas. To reduce annoyance from these flying insects, treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

**OUTDOORS—TO PROTECT ORNAMENTAL PLANTS**: To kill aphids, exposed thrips, adult whiteflies, leafhoppers, plant bugs, spittlebugs and Japanese beetles on smaller rhododendrons, pines, spruce, hemlock, spruce, dogwood, palm, mimosa, lily, viburnum, euonymus, oak, maple, locust, Forsythia and althea; and mimosa webworm larvae on mimosa, spray directly on insects. Hold container 18 inches from the infested plants. Spray in short spray bursts of one to three seconds or spray at the rate of one linear foot of growth per second. Direct spray to all sides covering foliage until slightly moist. Avoid heavy wetting. Repeat as necessary to obtain control.

Spray peonies, iris, zinnia, snapdragons, ageratum, chrysanthemums, nasturtiums, daisy, geraniums, marigolds, daphne, fuchsias, ivy, tobacco, queen sage and broad leaf scud for control of aphids, exposed thrips, adult whiteflies, leafhoppers, plant bugs, spittlebugs and Japanese beetles. Spray as directed above. Ornamental Quince, Juniper, Cypress, Ornamental Mulberry, Ash, Cotoneaster, Rose, Camellia, Azalea, Pyracantha and Ceanothus may also be treated to control the above pests, but use with extreme caution. Certain varieties have shown some leaf burn under certain conditions of use such as heavy dosage. Repeat as necessary to obtain control.

**OUTDOORS—TO KILL NUISANCE PESTS:**

**Ants**: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

**Wasps and Hornets**: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary. Spray directly on stray wasps and hornets that enter buildings.

**Spiders**: Direct short bursts of spray on spiders and repeat as necessary.

**Earwigs**: Spray directly on earwigs in crevices and other hiding places on outdoor porches, patio floor and doorway entrances.

**DISPOSAL**

Do not reuse empty container. Wrap container and put in trash collection.

**NOTICE**: Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith.
