

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION**

Avoid contact with eyes, skin or clothing. In case of contact immediately flush eyes and skin with plenty of water. Get medical attention if irritation persists. Harmful if swallowed. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets, birds and other fish aquariums before spraying. Do not use on edible crops.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

DIRECTIONS FOR USE

General Classification

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Shake well before each use. Remove protective cap. Aim spray opening away from person. Push button to spray.

**HOUSEHOLD PESTS**—To Kill Flies, Mosquitoes, Small Flying Moths, Gnats and Wasps: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

To Kill Carpet Beetles: Directly spray on many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets areas under furniture and wherever these insects are seen or suspected. Repeat as necessary.

To Kill Exposed Forms of Confused Flour Beetles, Saw-toothed Grain Beetles, and Rice Weevils: Find and destroy infested packages quickly. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. After shelves have dried, place clean paper on the shelves and return packages. Repeat as necessary.

To Kill Scorpions, Centipedes, Firebrats and Spiders: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks, behind stoves and refrigerators. To Kill Fleas and Brown Dog Ticks: Remove and destroy old pet bedding. Spray sleeping quarters of pets around underneath, windows and door frames, wall cracks and focal areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pet quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

**OUTDOORS**—To Kill Flies, Mosquitoes, Gnats and Small Flying Moths: Spray area infested with these flying insects. Hold container 18-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated area. To reduce annoyance from these pests treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

To Kill Ornamental Plant Pests Listed Below:

General: When sprayed directly on insects, this spray will kill the insects listed. Caution should be taken when spraying new tender growth on young plants.

**WHEN SPRAYING, HOLD CAN 18-24 INCHES FROM PLANT.**

For best results, spray in the evening or on a cloudy day when air is still. Mist the plants lightly. Use a slow sweeping motion. Avoid wetting foliage with spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed. Do not spray when temperatures exceed 90°F.

To Kill Eastern tent caterpillars, aphids, cane borers, leafhoppers, lacebugs, white flies, spider mites, Japanese beetles, mealybugs, ants, caterpillars, box elder bugs on ornamental cherry, spruce, roses, grape, myrtle, ornamental crabapples, andromeda, azalea, crabapples, chrysanthemum, gardenias, purple passion vine, peonies, oleanders and arbutus.

To Kill Wasps: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary. Spray directly on spray usage that enter buildings.

**DISPOSAL**

Do not reuse empty container. Wrap container and place in trash collection. NOTICE: Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given hereon.
