# 5% Diazinon Granules

Ready To Use

For use in lawns, gardens, and around the home

This product is designed especially for outdoor control of ants and other listed crawling insects. It is effective as a preplant treatment for control of cutworms and wireworms in vegetable gardens. It also controls a wide range of insects in garden plantings and around the home, and offers excellent protection against major lawn insects in both grass and dichondra lawns.

Kills ants, brown dog ticks, crickets, cutworms, earwigs, grubs, millipedes, onion maggots, root maggots, sowbugs, wireworms and others.
See Directions For Use for specific recommendations.
