

**KEEP OUT OF REACH OF CHILDREN
CAUTION: DO NOT CONTAMINATE
FEED OR WATER**

DIRECTIONS FOR USE

For control of hornflies on beef cattle (do not use on dairy cattle).

Suspend two bags on a heavy wire 6-9 ft. apart where cattle will pass under bags, rubbing dust from the bags to the cattle. Allow 4 to 6 inches open space between bags so cattle will pass through. Locate dusting stations in such places as culverts, lanes, gates, hallways, or fence openings around mineral or water sites. Bags should be hung at the best height to provide coverage of animals of different sizes. A shelter to protect dust from weather should be provided. Bags should be checked periodically to keep filled and flowing freely.

NET WEIGHT

Hornfly Dust

ACCEPTED

MAR 12 1973
UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTER-
ED UNDER NO. 5905-106 SUBJECT
