

CAUTION

MAY IRRITATE EYES, NOSE, THROAT AND SKIN.

Avoid breathing dust.

Avoid contact with skin, hair, clothing.

Keep from children.

GENERAL INFORMATION

Helena Brand 10-G Cotton Fungicide is recommended for use as an in-furrow soil treatment at planting time for the control of cotton seedling disease. It is to be used as an adjunct to standard fungicide seed treatment. This product is for use only on cotton seed pre-treated with a suitable standard seed protectant.

When used as directed, Helena Brand 10-G Cotton Fungicide can be expected to improve stands and plant vigor through the suppression of seedling blights, damp-off and soreshin caused by such organisms as *Rhizoctonia* and *Pythium* species. It is highly effective in preventing post-emergence damp-off.
