PRELIMINARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Poisonous by skin contact, swallowing, or inhalation of spray mist or absorbed through skin. May be fatal if swallowed. May be absorbed through skin. Do not breathe spray mist. Do not get in eyes, on skin or on clothing. Wash thoroughly after using. Wash all contaminated clothing with soap and hot water before reuse.

During application, keep unprotected persons away from areas being treated or where there may be drift. Do not contaminate feed or foodstuffs. This product is toxic to bees and should not be applied when bees are actively visiting the area.

Protective clothing and respirators are required for all applicators and other personnel involved in mixing, loading, transferring or otherwise handling this pesticide. Protective clothes must consist of hats, impermeable gloves, rubber or synthetic rubber boots, or boot covers, long-sleeved shirts and long pants. Full-face respirators are recommended. In lieu of compliance with the protective measures required for applicators, users may use closed systems methods of mixing, loading and handling. However it is recommended that mixers and loaders wear water proof gloves. Aerial applicators in positive pressure cockpits and other applicators in comparable ground equipment with appropriate filters at all air intakes need not comply with these protective clothing requirements.

STATEMENT OF PRACICAL TREATMENT

- If Swallowed: Do not induce vomiting. (See Physician's Note) Never give anything by mouth to an unconscious person. Call a physician.
- For Skin Contact: Remove contaminated clothing and wash skin thoroughly with soap and water.
- For Eye Contact: Flush with clean water for at least 15 minutes. Call a physician.
- If Inhaled: Remove person to fresh air. Call a physician.

Physicians: In case of poisoning, call your local health department. Avoid absorption. Toxicity may be manifested as a system excitation that resembles to barbiturate poisoning. Symptoms are restlessness, convulsions and hyperreflexia. If the barbiturate is not absorbed, the patient may be treated with a barbiturate antagonist. For information on the treatment of poisoning, contact the National Center for Human and Domestic Poisons, which is part of the U.S. Department of Health, Education and Welfare, Public Health Service, Communicable Disease Center, Atlanta, Georgia.

ENVIRONMENTAL HAZARDS

3

This product is toxic to fish, birds, and other wildlife. Use of this product may be fatal to birds and other wildlife in treated areas. Do not spray over lakes, streams, ponds, tidal marshes, and estuaries. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of wastes. Overspray of this product into water at application rates recommended on this label may be fatal to shrimp and crab; do not apply where these are important resources. Apply this product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour or store near heat or open flame. In case of spillage, use absorbent clay, hydrated lime, or other solids to soak up any liquid. Scrape up excess and bury residue away from water supplies. Wash area with strong detergent and hot water.

Storage And Disposal

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

Pesticide Disposal: Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved State procedures under Subtitle C of the Resource Conservation and Recovery Act.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill or by other approved State and local procedures.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For aerial applications, use only with fully enclosed mechanical means or by human workers in totally enclosed vehicles.

FOR CONTROL OF ANTS, BEES, OR WASPS, USE ONLY IN COTTON, ~~CORN OR WHEAT~~ ^{OR OTHER} ~~CROPS~~ ^{CROPS} DURING EMERGENCY EXEMPTION CONDITIONS

Refer to the accompanying directions for use that are provided with the EPA emergency findings.
