CAUTION

HARMFUL IF SWALLOWED, INHALED OR AB-SORBED THROUGH SKIN. AVOID BREATHING OF DUST. AVOID CONTACT WITH SKIN. EYES OR CLOTHING.

In case of contact with skin or eyes, flush with plenty of water: FOR EYES, get medical attention.

Wash with soap and water after handling and before eating or smoking: Wear clean clothing.

Do not store or transport near feed or food. Do not apply or allow to drift to areas occupied by unprotected humans or beneficial animals.

Workers entering treated areas the day of application should wear protective clothing.

Use of this material in a manner or at a time other than in accordance with the directions may produce plant injury. Some fruits and other plants are susceptible to injury from sulfur under certain climatic conditions. The user is advised not to use sulfur on any crop unless local use has proved that sulfur does not damage crops in that locality. Sulfur may burn foliage when temperatures are excessively high.

Do not allow workers to enter treated area where substantial contact will be made with treated foliage until following indicated days have lapsed after application: Grapes 1 day (24 hrs.), Peaches 1 day (24 hrs.).

Do not apply under conditions involving possible drift to lood, forage, or other plantings that might be damaged or the crops thereof rendered unfit for sale, use or consumption.

HIGHLY TOXIC TO FISH AND WILDLIFE. Birds feeding on treated areas may be killed. Do not contaminate any body of water. Do not apply where run off is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

THIS PRODUCT IS HIGHLY TOXIC TO BEES and should not be applied when bees are actively visiting the area.
