Re: Notification for EPA 5978-9 KONK TOO FLYING INSECT KILLER DAIRY AEROSOL

This notification was sent previously without a 8570-1 form. Please accept our notification to the EPA that Air Guard Control is adding an additional brand name to our EPA 5978-9 registration.

Currently, our only brand name is KONK TOO FLYING INSECT KILLER DAIRY AEROSOL. We would like to add the name TOO FLYING INSECT KILLER to our files.

If you have any questions, please contact me in our Canadian office or by email at khorne@ag-konk.com.

Regards,

Kent Horne
Technical Resource Manager
Air Guard Control

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.
Hold container upright, nozzle away from you and press actuator button spraying as directed.

Flying Insects: Flies, mosquitoes, wasps, gnats and flying moths. Close doors and windows. Direct mist upward in sweeping motion to all parts of the room especially windows and other light sources. Apply 6-10 second bursts per 30m of space. Whenever possible, keep doors and windows closed for 15 minutes after each treatment. Also direct mist into areas where insects are present. Keep spray at least 1m from interior walls, fabrics and furniture.

Crawling Insects: Cockroaches, spiders, crickets, ants, carpet beetles, centipedes and silverfish. Spray hiding places such as baseboards, moist areas, opening around sinks, drains and pipes, behind cabinets and storage areas. Spray ant trails, around doorills, window frames, or in ant nests. Insects must be hit to be killed.

Bed Bugs: Spray mattress, particularly around seams and tufts. Take beds apart, spray all joints. Repeat as required.

Fleas: Spray sleeping quarters of pets.

To Treat Animals: To protect cattle from attacks of stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes and gnats, spray about 3 seconds on each side being careful to spray back, withers and forelegs thoroughly. To protect from face flies, spray the face and head, but do not spray into the eyes. Repeat treatment as necessary when flies are troublesome.

In Animal Quarters & Milk Rooms: For rapid control of houseflies, mosquitoes, gnats, wasps and flying moths, close windows and doors and spray at the rate of one second per 1000 cubic feet of space. For best results, keep area closed for 10 minutes after spraying. Do not remain in treated area and ventilate after treatment is completed.

PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists.

Foods or food processing equipment should be removed or covered during treatment. Do not apply while food processing is underway. All food processing surfaces should be thoroughly cleaned before using.

Do not apply over uncovered milk or food products. Any exposed utensils or food handling surfaces should be thoroughly cleaned before use. Do not use in areas where fish or reptiles may be exposed to the spray. Facilities and equipment in federally inspected meat and poultry plants must be washed with an effective cleaning compound followed by a potable water rinse after spraying.

Vacate premises after treatment. Ventilate the area after treatment is completed before reoccupying area.

Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Flammable - Contents under pressure. Keep away from heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat, sparks or open flame.

Disposal: "Do not contaminate water, food or feed by storage or disposal". "Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility". "Wrap container and put in trash collection".

NOTICE TO USER

Sellers guarantee shall be limited to the terms of the label and subject thereto the buyer assumes any risk to persons or property arising out of use of handling and accepts the product on these conditions.
