Subject : Amended Label For:
KONK Flying Insect Killer
EPA Registration No. 5978-11
Letter dated July 15, 2004

Dear Mr. Horne:

The proposed amendment to the registration of the product cited above under the Federal Insecticide, Fungicide And Rodenticide Act as amended is acceptable subject to the comments listed below:

1. Add the following statements to the label:

"Do not install directly above or within 12 feet of any food handling or food dispensing area. Metering devices must be timed not to dispense while food processing is underway. Foods must be removed or covered during treatment. All food processing surfaces must be covered during treatment or thoroughly washed with an effective cleaning compound followed by a potable water rinse before using."

2. Add the statement, "Do not install within 3 feet of air ducts.", to the label.

3. Add the statement, "Do not use in public places while customers or workers are present. Timers must be set to dispense only during non business hours.", to the label.

4. Add the statement, "Carefully follow directions for the dispenser unit when installing the dispenser and replacing cans or conducting maintenance.", to the label.

Submit two copies of the revised final label before the product is released for shipment under

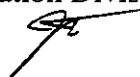

this revised label.

If you have any questions please contact Joseph Tavano at (703) 305-6411.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph M. Tavano".

Richard Gebken
Acting Product Manager 10
Insecticide Branch
Registration Division(7505C)

A handwritten signature in black ink, appearing to read "Richard Gebken".

"Note to Reviewer: All optional text is in brackets." [xxxx]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

Sequential insecticide is designed for use in automatically-timed discharging devices. Using the metered valve provided, which gives a dosage of 27.5 mgs set to discharge every 7.5 minutes or 55 mgs every 15 minutes, one unit will control houseflies, mosquitoes, gnats and flying moths in an area of approximately 6,000 cubic feet. Factors such as shape of area, temperature, humidity and air currents all affect insect activity and may modify the exact area protected. Insect control will build up within 2 hours after unit is operation.

STORAGE AND DISPOSAL

Storage: Do not store near heat or open flame. Store in cool dry area away from children. **Disposal:** Do not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1800-CLEANUP for disposal instructions. Keep from freezing.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from fire, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS

CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing vapors of spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Do not use in nurseries or rooms where infants, ill or aged persons are confined. Do not use in areas where fish or reptiles may be exposed to the spray. Remove pets, birds and cover fish aquariums before spraying. Do not place dispenser directly over within 8 feet of food processing surfaces.

FIRST AID

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call 1-800-222-1222, 24 hours, 7 days a week.

NOTE TO PHYSICIAN: Contains petroleum distillates – vomiting may cause aspiration pneumonia.

NOTICE TO USER

Sellers guarantee shall be limited to the terms of the label and subject thereto the buyer assumes any risk to persons or property arising out of use of handling and accepts the product on these conditions.
