UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

12 MAY 1989

Time Chemical, Inc.  
3780 Browns Mill Road  
Atlanta, GA 30354

Attention: Dr. Raymond B. Wilson

Gentlemen:

Subject: Time-Saver Time-Lo-Dine  
EPA Registration No. 5991-20  
Your Amendment Dated August 28, 1988

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is ~~is~~ acceptable <sup>as long as you make the changes</sup> for the reasons given below.

1. "Keep Out of Reach of Children," should precede "DANGER."
2. Add a "Pesticide Disposal" statement as shown on the enclosed draft label.

Should you have questions, please call Arvella Farmer at (703) 557-6939.

Sincerely yours,

Jeff Kompter  
Product Manager (32)  
Antimicrobial Program Branch  
Registration Division (47505C)

### PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

#### DANGER!

##### Physical or Chemical Hazard

Causes eye irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid breathing fumes. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

##### Environmental Hazard

This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with NPDES Permit. For guidance, contact the regional office of EPA.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

**STORAGE** - Store in cool, dry, well ventilated area away from heat or open flame. Keep container tightly closed when not in use.

**CONTAINER DISPOSAL** - Triple rinse. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

#### DIRECTIONS FOR DILUTION

Follow local Health Department regulations which usually suggest use solutions in the ranges shown below.

OUNCES PER 10 GAL. OF WATER

TITRATABLE IODINE

1 oz.  
2 oz.  
4 oz

12 1/2 p.p.m.  
25 p.p.m.  
50 p.p.m.

#### NO RINSE REGULATIONS:

This product qualifies under Federal Regulations 121.2547 eliminating the need for a final potable water rinse at use dilutions up to 25 p.p.m. of titratable iodine.

**PESTICIDE DISPOSAL** - Do not clean equipment or dispose of equipment washwaters in a manner that will contaminate water resources.

This iodophor is specifically designed as a FINAL sanitizing rinse in the brewery, soft drink bottling, milk bottling and food canning industries. Because of its low foam characteristic, this product does an outstanding job in bottling and canning operations where foam must be controlled.

### Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Prepare a fresh work solution daily or more frequently as required. Do not reuse solutions for sanitizing mechanical operations. DO NOT STORE USE SOLUTION.

Before application of sanitizing solution remove gross food particles by a pre-flush or pre-scrape and when necessary, pre-soak treatment. Thoroughly wash with detergent or compatible cleaner and rinse with potable water before application of sanitizing solution. Air dry before contact with food.

#### <sup>iz</sup>Equipment Sanitation:

Preclean using cold or lukewarm water. Fill with a solution containing 2 oz. of this product per 10 gal. of water (provides 25 p.p.m. titratable iodine). After 5 minutes drain off solution. Do not rinse. Air dry before contact with food.

#### <sup>iz</sup>Tank and Vat Sanitation:

Preclean using cold or lukewarm water. Add solution containing 2 oz. of this product per 10 gal. of water (provides 25 p.p.m. of titratable iodine). After 5 minutes drain off solution. Do not rinse. Air dry before contact with food.

#### <sup>iz</sup>Wall, Floor and Conveyor Sanitation:

Clean daily with a solution containing 2 oz. of this product per 10 gal. of water (provides 25 p.p.m. of titratable iodine).

Clean weekly or at the end of batch run with a solution of 4 oz. of this product per 10 gal. of water (50 p.p.m. of titratable iodine) and rinse with potable water.
