TIME SAVER, INC.
2000 W. MICHIGAN ST.
ATLANTA, GEORGIA 30324-1000

- Soft Touch is based on a highly active mixture of three Twin Chain quaternary ammonium compounds together with an effective fabric softener.
- Soiled and contaminated fabrics such as diapers, hospital and institutional linen and athletic equipment is a major housekeeping problem not only in hospitals but in institutions, hotels, restaurants and schools. Used as directed Soft Touch imparts an effective residual bacteriostatic treatment together with softening to laundered items such as diapers, hospital and institutional linens and athletic apparel. This finish will effectively protect the fabric against rapid bacterial growth caused by moisture and wet contamination.
- Soft Touch is designed for commercial and institutional laundry use by addition to the final rinse. Laundered fabric may also be treated and softened by soaking in a solution of Soft Touch. For recommended solution concentration, see Use Directions.
- Fabrics treated with recommended use concentrations of Soft Touch were found to be non-irritating to human skin.
- Soft Touch Bacteriostatic Laundry Softener Concentrate is economical to use because it is concentrated. It should be handled with care.

USE DIRECTIONS

GENERAL CLASSIFICATION

- It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
- To soften laundered fabrics and obtain residual bacteriostatic activity against gram negative and/or gram positive odor causing bacteria, use 4.00 fluid oz. (8 teaspoons) per 100 lbs. of fabric, dry weight.
- Dilute the appropriate amount of Soft Touch in one to two gallons of water, then add to the washwheel in the final rinse. Retreat fabric after each wash cycle.

6 GAL. NET

ENVIRONMENTAL HAZARDS:

This product is toxic to fish. Treatment effluent should not be discharged where it will drain into lakes, streams, ponds, or public water.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

OPEN DUMPING IS PROHIBITED.

PESTICIDE DISPOSAL

PESTICIDE THAT CANNOT BE USED, OR CHEMICALLY REPROCESSED SHOULD BE DISPOSED OF IN A LANDFILL APPROVED FOR PESTICIDES OR BURIED IN A SAFE PLACE AWAY FROM WATER SUPPLIES.

CONTAINER DISPOSAL

RESEAL CONTAINER AND OFFER FOR RECONDITIONING OR TRIPLE RINSE (OR EQUIVALENT) AND OFFER FOR RECYCLING, RECONDITIONING, OR DISPOSAL IN APPROVED LANDFILL, OR BURY IN A SAFE PLACE.

KEEP OUT OF REACH OF CHILDREN

DANGER

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (RHH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE 28 NOV 1983
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREГИSTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.)</i>	NAME OF PESTICIDE PRODUCT	
	NAME AND ADDRESS OF REGISTRANT (Include ZIP code)	
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>		
<input checked="" type="checkbox"/> ATTACHMENT 5 APPLICABLE		
SIGNATURE OF APPROVING OFFICIAL		DATE

d. You are reminded that the EPA Establishment Number must appear in a suitable location on the label or on the immediate container. We recommend that you verify your EPA Establishment Number with your Regional EPA office located in Atlanta, Georgia, for the appropriate EPA Establishment Number. An application form is enclosed for your convenience.

e. Revise the statement (middle left page):

This finish will effectively protect the fabric against rapid bacterial growth caused by moisture and wet contamination.

to read:

For residual bacteriostatic activity, conditions of high relative humidity or wet contamination are required.

f. The signal word "DANGER" (front panel) should be placed directly below the Child Hazard Statement: Keep out of reach of children.

Note the appropriate type size requirements of these two label elements.

g. We prefer the statements:

Precautionary Statements
Hazards to Humans and Domestic Animals

to appear on the right panel with all the other precautionary statements.

h. Revise the ENVIRONMENTAL HAZARD statement to read:

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with a NPDES permit. For guidance contact your Regional Office of the Environmental Protection Agency.

i. The statement "Fabrics treated with recommended...were found to be non-irritating to human skin" is an implied safety claim and must be deleted. Claim such as these are unacceptable, as set forth in 5162.10(a)(5)(ix).

j. Revise the statement "The Directions" to read "Directions for Use" (left panel).

- k. Include the corresponding reference asterisk at the end of the description "Residual Bacteriostatic Activity*" on the upper front panel.
- l. Add the following General Statement at the end of the Storage and Disposal Statement:

GENERAL

Consult Federal, state or local disposal authorities for approved alternative procedures.

- m. Revise the statement "8 teaspoons" to read "8 tablespoons" (left panel). Note: one fluid ounce = 2 tablespoons.
- n. The flash point of your product as declared within Block #15 of the Confidential Statement of Formula requires the following statement be added:

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Keep away from heat or open flame.

- o. For consistency, revise the total % to read 100.000% (front panel).

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
