SUPER-CHLOR®

ACTIVE INGREDIENTS: SODIUM HYPOCHLORITE . . . 5.25% BY WT.
OTHER INGREDIENTS: 94.75% BY WT.
CAUTION: KEEP OUT OF REACH OF CHILDREN

KILLS MOST GERMS and ODORS

IDEAL FOR FIELD-GROWN AND ALL MAN-MADE FIBERS

IN WASHING MACHINES. Add one-half cup of SUPER-CHLOR per load to wash water before adding laundry, or dilute SUPER-CHLOR in quart of water before adding. With automatic bleach dispensers, follow washer directions. Be sure wash water and SUPER-CHLOR are thoroughly mixed before adding laundry. SUPER-CHLOR brightens white and color-fast cotton and linen, rayon, Acrilan, Dacron, Dynel, Orlon and mixtures of man-made or field-grown fibers.

FOR DIAPERS. To sweeten and remove stains, use 1 tablespoon of SUPER-CHLOR per gallon of water and pre-soak diapers. Wash diapers with one-half cup of SUPER-CHLOR to 5 gallons of water as for other laundry. Always rinse diapers thoroughly.

FOR STAINS. To remove stains from fruit, berries, wine, coffee, tea, chocolate, grass, blood, ink, medicine, etc.—dip fabric 5 to 15 minutes in solution of 2 tablespoons SUPER-CHLOR to quart of water or 1/2 cup to a gallon. Rinse well. Repeat if necessary.

FOR SWIMMING AND WADING POOLS. Use approximately one gallon of SUPER-CHLOR to every 12,000 gallons of water to kill most germs. To deter algae growth, maintain a 7.5 pH and 0.6 to 1.0 PPM available chlorine content as determined by a suitable test kit. Helps to eliminate pool odors. Detailed information on request.

WHERE FOOD IS SERVED OR PREPARED. Use SUPER-CHLOR solution of one ounce to two gallons of WARM water for surface sanitizing after washing. Use 1 ounce of SUPER-CHLOR to four gallons of water for disinfecting dishes, glassware, coffee pots, plastic utensils. Then rinse thoroughly. Do not use SUPER-CHLOR on silverware.

SAFE FOR SEPTIC TANKS
Use of SUPER-CHLOR in laundry, dishwater, etc. as directed, will not affect septic tank operation.

CAUTION!
Keep upright in a cool place. Always replace cap tightly. **POISON:** Keep Super-Chlor where children cannot reach it. If swallowed, feed milk, chalk, or calcium tablets. Call a physician. External—wash with water.

DO NOT USE SUPER-CHLOR in COMBINATION with TOILET BOWL CLEANERS or ACIDS!
Do not use Super-Chlor on silk, wool, leather or sea sponges. Test fabrics for color fastness before laundering.
