

KLEEN SWIM

NET CONTENTS

Directions for Use

Initial Dose: 1 gallon KLEEN SWIM to 50,000 gallons of water.

Maintenance Dose: 1 quart KLEEN SWIM to 50,000 gallons of water.

Initial Dose is used when filling pool at beginning of swimming season. If pool has visible algae growth, the initial dose should be repeated within 48 hours after the algae debris are removed from the pool.

Maintenance dose should be added at 3-5 day intervals. If high temperatures prevail or pool has unusually heavy use, add maintenance dose more frequently.

If makeup water is added at the rate of more than 10% per week of pool capacity, add 1 quart of KLEEN SWIM for each 10,000 gallons of fresh makeup water added per week.

When the swimming season is over, add 1 gallon of KLEEN SWIM to 50,000 gallons of water in treating water left in pool. This dose helps provide a measure of control of algae growth during the Winter months. This treatment will also help the servicing of the pool before it is returned to use the following season.

Rinse empty container thoroughly with water and discard.

This product is toxic to fish. Do not discharge treated effluent into lakes, streams or ponds.

CONCENTRATED SWIMMING POOL ALGAECIDE

Keeps Pool Water Clear and Free of Growing Algae
Controls Algal Slimes

Active Ingredients:

n-Alkyl (60% C₁₄, 30% C₁₆,
5% C₁₂, 5% C₁₈)
dimethyl benzyl ammonium chlorides 5%

n-Alkyl (68% C₁₂, 32% C₁₂) dimethyl
ethylbenzyl ammonium chlorides 5%

Inert Ingredients:

90%
100%

KLEEN SWIM is a concentrate.

U.S.D.A. Reg. No. 6033-9

WARNING: KEEP OUT OF REACH OF CHILDREN.

When KLEEN SWIM is used as directed, it will kill and prevent development of *Clorella pyrenoidosa* (green), *Phormidium inun-datum* (black algae), *Phormidium retzii* (Square D algae), *Lyngba versicolor* (blue-green) and other swimming pool algae.

Note: Kill, Control and/or Destroy refer to initial dose. Prevent development, Suppress growth, Inhibit, refer to maintenance dose.

KLEEN SWIM is compatible with most commonly used swimming pool chemicals but should not be mixed with soap or other cleaners or premixed with other water-treating chemicals. KLEEN SWIM works best when added by itself directly to pool water. KLEEN SWIM at use dilution is non-corrosive to inanimate surfaces.

WARNING: Causes eye and skin irritation. Do not get in eye, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, do not induce vomiting. Drink large quantities of fluid, and call a physician immediately.
