

MID-CON

SYSTEM

USE DIRECTIONS:

For light duty cleaning, sanitizing and deodorizing, use 2 ounces per gallon.

For heavy duty cleaning and disinfecting and fungicidal activity against pathogenic fungi, use 4.5 ounces per gallon.

For best results, use MID-CON CD-15 with a cloth or mop and apply to walls, floors and other hard surfaces. If used for sanitization of food contact items, limit the level to 200 ppm of quaternary (8 ounces per 5 gallons). At this level, no rinse is required.

For extra heavy industrial cleaning and sanitizing, use a second application.

Do not mix with soap or anionic solutions. MID-CON CD-15 is non-corrosive. Use only on non-ferrous hard surfaces.

DANGER, CORROSIVE

Keep Out of Reach of Children. See right side panel for antidote statement and other precautions.

MID-CON CD-15 is a heavy duty cleaner and disinfectant designed for general purpose use where heavy duty cleaning and sanitizing is required. When used as directed, MID-CON CD-15 will remove most soils, dirt and grime in a single, simple application. When used for industrial cleaning, follow the use directions shown on the left side panel.

Not recommended for *Pseudomonas aeruginosa*

For sanitation of food processing equipment or food contact surfaces, limit the active quaternary to 200 ppm. At this level, NO POTABLE WATER RINSE is required.

DANGER

Keep Out of Reach of Children. Causes eye damage and severe skin irritation. Do not get in eyes, on skin, or on clothing. Protect eyes and skin when handling. Harmful or fatal if swallowed. Avoid contact with food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, do not make eye-washes, gastric lavage, or if these are not available, drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN: If fatal or serious damage may be caused, state the use of gastric lavage. Measure against irritability, shock and convulsions may be needed.

Rinse empty container thoroughly with water and discard.
