2. Tetrasodium Salt of ethylenediaminetetraacetic acid
3. n-alkyl\* dimethyl benzyl ammonium chloride

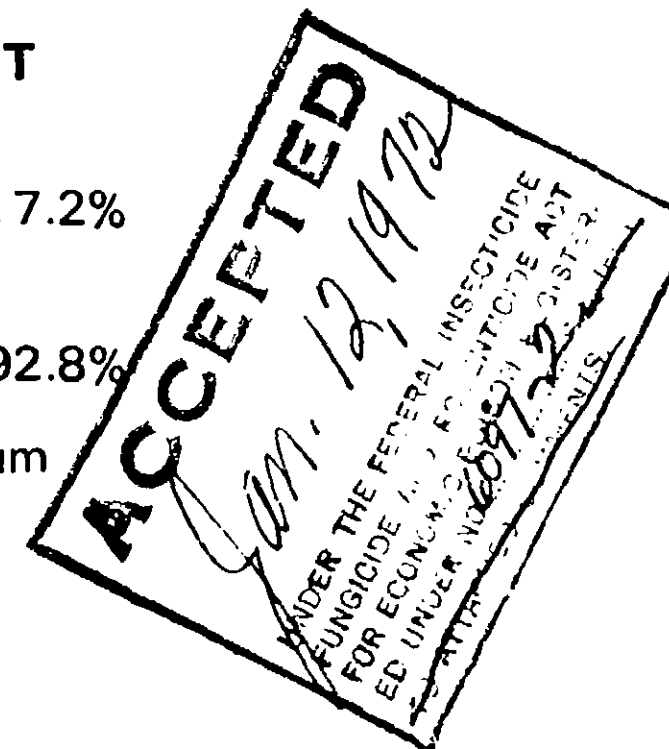

INERT INGREDIENTS\*\* \_\_\_\_\_ 92.8%

1. Water
2. Sodium Tripolyphosphate
3. Nonylphenoxypolyethoxyethanol
4. 2-Alkyl\*\*\*-1-(2-hydroxyethyl)-2-imidazolinium hydroxide, sodium alcholate, -1-carboxymethyl, sodium salt
5. Essential oils

\*50% C<sub>14</sub>, 40% C<sub>12</sub>, 10% C<sub>16</sub>

\*\*Includes detergents

\*\*\*As in fatty acids of coconut oil

## DESCRIPTION

OLYMPIC GERMICIDAL CLEANER CONCENTRATE is—

- Specifically compounded to meet the needs of the transportation industry.
- Especially recommended for use in meat packing plants, poultry plants, food processing plants of all types, and in cleaning interiors of refrigerated trailers and other food hauling vehicles.
- Not harmful to aluminum, stainless steel, plain steel, copper, brass, bronze, concrete, ceramic tile, porcelain terrazzo, wood, or painted surfaces.
- Excellent for removing bacteria laden material from floors, walls, ceilings, equipment, and utensils.

## DIRECTIONS

- When used with Olympic automatic and semi-automatic high pressure washing equipment, follow machine operating instructions.
- For automatic or semi-automatic systems use one part Olympic Germicidal Cleaner Concentrate to 50 parts clean water.
- Remove foodstuffs from vehicle or area prior to cleaning.
- After application, allow solution to remain on surface for 3 to 5 minutes, then rinse with clean water to flush away all loosened materials.

## CAUTION

### KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed; if taken internally get medical attention. Contact with eyes or skin may cause irritation. In case of contact, flush with generous amounts of water. If irritation persists, get medical attention. Avoid direct contact with food. For industrial use only. Rinse empty container thoroughly with water and discard it.
