

Quat No. 11 is an industrial cleaner which disinfects as it cleans. It is especially designed for schools, institutions, and industry. A single application removes dirt and grime, disinfects, and is virucidal. When used as directed, the hard surface disinfecting action of Quat No. 11 will reduce the hazard of cross-infection.

Quat No. 11 is an extremely effective one-step sanitizer. It cleans and sanitizes in waters up to 1000 ppm hardness with no potable water rinse required. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.

When used as directed, Quat No. 11 will deodorize toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors.

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with the labeling.

Add two ounces per gallon to water. Apply Quat No. 11 to walls, floors, and hard surfaces such as tables, counters, and frames with a cloth or mop.

At two ounces per gallon use-level, Quat No. 11 is effective against Staphylococcus aureus, Salmonella choleraesuis, Escherichia coli, and Trichophyton interdigitale foot fungus. Germicidal performance against the first three organisms has been determined by the AOAC Use-Dilution Test. Performance against T. interdigitale has been determined by the AOAC Foot Fungus Test.

At two ounces per gallon use-level, Quat No. 11 is virucidal against Herpesvirus hominis (member of the virus family Herpesviridae), representative of the pox virus family (influenza A₂, as represented by the Hong Kong London Flu Virus, on inanimate surfaces).

Note, this product is not effective against Pseudomonas aeruginosa at this use-level.

For sanitizing add one ounce per gallon to water.

Use Quat No. 11 for sanitizing utensils, equipment, and other hard surfaces. When sanitizing food preparation equipment and utensils and other hard surfaces, a potable water rinse is required prior to reuse.
