	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Water Base Residual Insecticide	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

1601169509
18/1

Lixor Chemical Company
 56-19 97th Place
 Corona, NY 11364

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 6125-65."
- b. Please move the petroleum distillate 0.153% into the inert section unless you have data which would support this as an active ingredient.
- c. ~~Change the signal word to "CAUTION" wherever necessary throughout the label.~~
Add the statement "This product is not for use on fish, cats and dog skin" to the front panel. Refer to the October 1, 1986 FA notice (51 FA 35024) for information.
- d. Following the product name, add the phrase "Recommended For Commercial/Industrial Use."

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL 	DATE 12/3/86
--	-----------------

- e. Preceding the sentence "Including garbage rooms, lavatories" add the subheading "Nonfood Areas."
- f. Add the following prior to the food-handling area directions statement:

Food-Handling Establishments - Places other than private residences in which food is held, processed, prepared, or served.

- g. Add the following sentence to the "Directions for Use" section: "Care should be taken to avoid depositing product onto exposed surfaces or introducing material into air."
- h. Revise the Pesticide Disposal section to read:

Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

In addition, the Container Disposal should be revised to reveal both disposal for the plastic and metal containers. It should be set up to read as follows:

Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

Plastic Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

- i. Add a "Note to Physician" subheading to the Statement of Practical Treatment along with the following wording:

Diazinon is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

- j. Delete "Do not apply directly to lakes, streams"
In its place, add "Do not apply directly to water or wetlands."

3. You must submit a 1-year Storage and Stability Study for this product within 14 months from the date of registration.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

STORAGE AND DISPOSAL

Application Within Food Handling Establishments (Place other than private residences in which exposed food is held, processed, prepared or served) including, But Not Limited To, areas for receiving, storage, packing, (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation): For crack and crevice treatment in and around both food and non-food areas to control cockroaches, ants, waterbugs, silverfish, spiders and crickets, apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide, in points between different elements of construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junction or switch boxes. For control of the above insects, in the food handling establishments using a spot treatment, a coarse low pressure spray shall be used. Application is limited to floor surfaces only and to 20 percent of the surface area. Any individual spot treatment shall not exceed 2 square feet. **NOTE:** Prior to above applications deenergize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in "ON" position. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food and food processing surfaces.

Serving Areas

Facilities where foods are served such as dining rooms, but excluding areas where foods may be prepared or held, apply as a spot treatment as described above. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed).

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE AND SPILL PROCEDURES: Store upright at room temperature. Avoid exposure to extreme temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

PESTICIDE DISPOSAL: Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of at or by an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State and local procedures.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING

Harmful if swallowed. May cause substantial but temporary eye injury. Do not get in eyes. Wear goggles or safety glasses. Avoid contact with skin or clothing. Wash thoroughly after handling and before smoking or eating. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils. Do not use on household pets or humans.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
