

18 JAN 1996

Joseph D. Clark, Ph.D.
 Schering-Plough Healthcare Products, Inc.
 3030 Jackson Avenue
 Memphis, TN 38151

Dear Dr. Clark:

Subject: Revised Labeling
 Muskol Insect Repellent Aerosol
 EPA Registration Number 6148-9
 Submission Dated December 8, 1995

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below:

1. Delete the phrase "try Maximum Strength Muskol Insect Repellent products." No such products are currently registered.
2. Revise the heading "ACTIVE INGREDIENTS" to read "ACTIVE INGREDIENT." There is only one active ingredient in the product.
3. Add information indicating the length of time the product effectively "keeps mosquitos away." The phrase "for hours" is vague and does not supply the user with sufficient information.

A stamped copy of the label is enclosed for your records. Submit three copies of final printed labeling, incorporating the comments listed above. When submitting revised labeling, please cite the specific study that supports the efficacy claim for repelling mosquitos, using the Master Record Identification Number (MRID) assigned by EPA if it is available.

In addition, a review of the file indicates that the confidential statement of formula (CSF) for this product is out of date. The last accepted GSF is dated February 8, 1985. Since that time, EPA has revised its policies for confidential statements of formula. You may wish to consult Pesticide Regulation Notice 91-2 and 40 CFR 158.175 for information on how to revise the CSF.

If you have any questions or comments, please contact me at
(703) 305-6788.

Sincerely,

RPK

Richard P. Keigwin, Jr.

Original Muskol[®] Insect Repellent Aerosol
 Provides hours of effective protection against mosquitoes, biting flies, chiggers, gnats, sand flies, black flies, and ticks. For especially vulnerable areas or severe conditions, try Maximum Strength Muskol Insect Repellent product.
 Spray upside down, for easy use on legs and feet.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS - WARNING: Harmful if swallowed. May cause eye injury. Keep out of eyes, nose, and mouth.
PRACTICAL TREATMENT: IF IN EYES - flush eyes with plenty of water. If irritation persists get medical attention. IF ON SKIN - May cause a skin reaction in rare cases. If you suspect an allergic reaction on treated skin and call a poison control center. If you go to the doctor, take this repellent with you.

PHYSICAL & CHEMICAL HAZARDS - FLAMMABLE: Contents under pressure. Keep away from heat, sparks, and open flames. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE
 It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read all directions carefully. Do not spray more than 3 inches from skin or clothing and spray with a slow sweeping motion. Do not spray in enclosed areas. Do not spray on the hands of young children. Do not apply over cuts, wounds or irritated skin. Do not spray directly on face and neck. Wipe palms after applying. To apply to clothing, spray shirts, stockings, and socks and around opening in outer clothing. Use just enough to wet the fabric. Do not use under clothing. Avoid overexposure. Frequent reapplication increases effectiveness. After returning indoors, wash treated skin with soap and water. Safe to use on cotton or wool. Do not apply to synthetic fabrics. Do not use on leather, vinyl, or plastic. May damage furniture finishes, plastics, linoleum, painted surfaces, and other materials.
STORAGE & DISPOSAL: Do not reuse empty containers. Recycle when possible.
