

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg.
Number:
6148-12

Date of Issuance:
AUG 1 2001

NOTICE OF PESTICIDE:

Registration

Reregistration

(under FIFRA, as amended)

Term of Issuance:
Conditional

Name of Pesticide Product:
Coppertone Bug and Sun

Name and Address of Registrant (include ZIP Code):

Schering-Plough Health Care Products Inc.
110 Allen Rd.
Liberty Corner, NJ 07938

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

Change the registration number to read EPA Reg No. 6148-12.

Submit two copies of the finished printed label before the product is released for shipment.

If the conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e).

A stamped copy of the label is enclosed for your records.

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.
6148-12

__ fl. oz. (__ mL)

[Back Panel]

Coppertone® Bug and Sun lotion is specifically formulated to provide protection for over two hours against mosquitoes, gnats and biting flies (sand flies, black flies and deer flies) as it protects you from the sun.

Coppertone® Bug and Sun offers convenient dual protection in one bottle, for total outdoor skin protection. This waterproof SPF 30 sunscreen protects from harmful UVA and UVB rays while it also repels mosquitoes, gnats, deer flies, stable flies and black flies on exposed skin surfaces. This pleasantly-fragranced, hypoallergenic, PABA-free, non-greasy lotion also moisturizes dry [sensitive] skin with soothing Aloe Vera. Regular use of a sunscreen may help reduce the chance of long-term sun damage such as premature aging, wrinkling and skin cancer.

Col. C. Coll, an avid Canadian outdoorsman, invented Muskol® insect repellents in 1951. Since their introduction, Muskol® insect repellents have been repelling flying and crawling pests during outdoor activities ranging from fishing and camping trips to gardening. Coppertone® Bug and Sun, with waterproof sunblock SPF 30, offers convenient dual protection in one bottle, for total outdoor skin protection.

This insect repellent [Coppertone® Bug and Sun], while it provides a waterproof SPF 30 sunscreen that protects from harmful UVA and UVB rays, also repels mosquitoes, gnats, deer flies, stable flies and black flies on exposed skin surfaces. This PABA-free, non-greasy, hypoallergenic, pleasantly-fragranced lotion also moisturizes dry [sensitive] skin.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Storage and Disposal]
Storage: Store in a cool, dry place away from children and pets. **Disposal:** Do not reuse empty container; wrap and put in trash.

Read all directions and precautions on this product label.

Shake well. Evenly apply to skin before exposure to sun and insects. Use just enough product to cover exposed skin. Do not use under clothing. Avoid over-application of this product. Do not apply near eyes and mouth. Apply sparingly around ears. Do not apply to children's hands or allow children to handle this product. When using on children, apply to your own hands and then put the product on the child. Consult a physician before use on children under 6 months of age. Wipe palms after applying. Reapply after prolonged swimming, excessive perspiration, vigorous activity or toweling. After returning indoors wash treated skin with soap and water.

PRECAUTIONARY STATEMENTS

Hazards to Humans

CAUTION: Harmful if swallowed. Do not apply over cuts, wounds or irritated skin. Avoid contact with eyes and lips. Causes moderate eye irritation. Avoid contact with plastic and fabrics such as acetate, rayon and Dynel. May damage some plastics, furniture finishes, painted surfaces and linoleum. Will not damage nylon, cotton, wool or polyester.

First Aid

If Swallowed	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for further treatment advice.
Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent with you.	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also call 1-800-555-1212 for emergency medical treatment advice.]	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Active Sunscreen Ingredients: Ethylhexyl p-Methoxy cinnamate, Oxybenzone and Homosalate.
