

**DIRECTIONS**

Dust liberally in and around kennels and on dog bedding to control infestation of fleas and ticks. Repeat as necessary.  
For use on lawns, sprinkle at the rate of 8 ounces for each 100 square feet. For best results, mow lawns, remove clippings and apply immediately after rain or watering. Water following treatment. Keep children and pets off lawn until material is watered in and grass is dry.

ACTIVE INGREDIENTS: Carbaryl (1-naphthyl N-methylcarbamate) 5.00%  
INERT INGREDIENT: 95.00%

**CAUTION: Keep out of reach of children**

**ACCEPTED**
